

# HATE MONITOR

DECEMBER 2022

Hate-motivated incidents are often violent manifestations of intolerance which instil fear and divide communities. Tackling underlying prejudice is essential in combating the spread of these divisive actions. The OSCE Mission to BiH supports the work of government institutions, the criminal justice system, local authorities and civil society to effectively respond to these incidents. The Hate Monitor provides a monthly update on incidents and responses throughout BiH.

From June to December, CSOs proMENTE Social Research and Red Cross Gomji Vakuf–Uskoplje completed two separate projects on social cohesion through transfer of knowledge on basic research skills and active role of CSOs in monitoring and implementing social cohesion activities. The activities resulted in 11 CSOs from across BiH adopting basic research skills applied through three pilot social cohesion perception surveys.

The Hate Monitor provides an update on all potential hate-motivated incidents and responses known to the OSCE Mission to BiH at the time of publishing the report.
