

SET MY PEOPLE FREE INTERVENTION

WORKING SESSION 8 Tolerance and non-discrimination, September 15, 2017

Tolerance without critical and analytic thinking is censorship and leads to suppression. Tolerance without truth and common sense leads to relativism and an end to the rule of law.

Relativism in tolerance is the greatest enemy to freedom, equality and Justice.

Logic teaches us that we can not say both mother Teresa and Hitler are good. For sure one is good and the other is bad.

The assumption that all cultures are equally right is wrong. For sure there is good and bad cultures or ideologies.

Example;

India The wife use to be burnt alive with her diseased husband.

In Papa New Guinea during head hunting time will have you for dinner and keep your skull as a trophy.

If we say relativism is right then we can not say there is good and bad constitutions. Driving will be very dangerous if the traffic law is relative.

If every man does what is right in his own eyes there will be no society, or community or rule of law.

There will be no Justice or freedom.

Truth, common-sense and mercy are curtail to build a society based on Freedom Equality and Justice.

Tolerance without these values it lead to anarchy.

Therefore it is curtail there should not be any ideology, culture or belief immune to scrutiny, critical or analytic thinking.

Kamal Fahmi

International Executive Director
