

Partnership Declaration
Ministerial Conference on 'Border Management and Drug Control in Central Asia'
Dushanbe, 21- 22 October 2008¹

United in their desire to fight illicit trafficking in narcotics, psychotropic substances, chemical precursors, weapons, hazardous materials, human beings, and trans-border crime and international terrorism, whilst promoting the legal movement of goods and people across borders in Central Asia, and upholding international human rights agreements, Ministers, high level officials and representatives of relevant agencies of Central Asian States and of the international community met in Dushanbe on 21- 22 October 2008 to discuss issues related to border management and drug control in the region.

Recognizing that the successful fight against these threats is dependent upon the enhancement of border security and management, we, the participants of this Conference:

Reaffirm our commitment to reinforce regional and international cooperation to provide better border management and drug control, forge closer collaboration between regional and international organizations, and support focused assistance on on-going and future efforts in this field;

Encourage and *support* all international, regional and bilateral initiatives to strengthen border security and drug control in Central Asia building on international partnerships, such as, inter alia, the EU Strategy on Central Asia, UNODC's Regional Strategy on Securing Central Asia's Borders with Afghanistan, as well as activities within the framework of the OSCE, CSTO, CIS, and the SCO;

Encourage the international community to continue its support, assistance and cooperation with the Islamic Republic of Afghanistan in its resolve to fight against narcotics and the illegal inflow of precursors for their production;

Encourage and support cross border cooperation between Central Asian states and their border agencies to provide more effective border security in the region;

Recognize our responsibility to uphold relevant international commitments and employ best practices in the fields of border security and management and counter-narcotics;

Call on donors to strengthen coordination of assistance in the field of border management and drug control with a view to creating synergies and avoiding duplications of activities including at the national and regional levels, thus enabling donor cooperation in the early planning stage;

¹ This declaration remains open to delegations which were not in a position to endorse it during the conference.

Recognize that there is a requirement for developing and implementing national border management and national drug strategies that incorporate objectives, priorities and action plans, as well as mechanisms for cross border cooperation, and express readiness to work with one another and with the international community to this end;

Agree on the establishment of, whenever necessary a national coordination structure and the nomination of a national coordinator in the fields of border management and drug control for interaction with national and regional structures and international organizations;

Recognize the importance of the establishment of the Central Asian Regional Information Coordination Centre (CARICC) for the fight against the illegal transport of narcotics, psychotropic substances and precursors welcome the ratification of the agreement on the establishment of the CARICC by two parties and call on the remaining parties to follow their example;

Welcome the planned establishment of the OSCE Border Management Staff College in Dushanbe;

Note the interest of the Republic of Tajikistan to establish in Dushanbe a specialized training centre for the preparation and professional development of law enforcement officers of Tajikistan and Afghanistan involved in the fight against illegal drug trafficking, as well as a national canine training centre;

Consider it necessary to share and disseminate information on border management strategies and best practices through existing coordination and cooperation mechanisms such as, inter alia, the EU BOMCA/CADAP programmes, the OSCE, the Mini Dublin Group and UNODC programmes (Paris Pact Initiative and ADAM), and welcome the extension of the Central Asian Border Systems Initiative (CABSI) as a coordination platform for all stakeholders;

Thank the President, Government and people of the Republic of Tajikistan for extending their hospitality to host this Conference.
