OSCE Chairmanship's Special Envoy participated to the "Bled Strategic Forum"

BLED (SLOVENIA), 28 August 2006 - The Special Envoy of the Chairmanship, Senator Pierre Chevalier, participated in the Bled Strategic Forum entitled "Caspian Outlook 2008". The aim of the gathering was to discuss the geopolitical relevance of the Caspian region for the European Union both from economic, political and strategic perspectives. The chosen topic was a continuation of a process already launched under Slovenia's Chairmanship of the OSCE in 2005 to contribute to broader stability and lasting reforms in and around the Caspian sea basin.
