

CALL FOR APPLICATIONS YOUTH ADVISORY GROUP (YAG)

The OSCE Presence in Albania (hereafter mentioned as the Presence) is launching a call for committed and self-motivated young people from Albania to join its Youth Advisory Group (YAG).

The Presence recognizes that young people play a vital role as agents of change. The Presence will select **four young volunteers aged 18-27 years** as new members of its Youth Advisory Group in the upcoming months. The new members will support the existing YAG members to prop up Presence's efforts to integrate a youth perspective (youth-specific considerations, concerns, needs, priorities, and vulnerabilities) into its planning and programmatic activities.

Membership in the Presence's Youth Advisory Group requires a time commitment (approximately between 20-25 hours per month), depending on the activities at hand. YAG members must be able to dedicate all the necessary efforts and commitment required for the timely and accurate fulfilment of their responsibilities for their entire mandate duration. YAG members will be required to share their points of view regarding a variety of issues and to support the development of new perspectives related to youth at all programmatic activities of the Presence. YAG members are expected to display initiative and self-leadership and support the realization of the Presence mandate with a great sense of responsibility. This implies that they can professionally conduct themselves, displaying solid work ethics and maturity.

They may be asked to participate in events at the local, national or international level and support the Presence's events' design, planning, and organization with a youth component.

YAG members will be in constant communication with each other and with the Presence. Furthermore, YAG members are expected at all times to fulfil their duties as a group. Their input will be received, and their activities will be performed collegially.

MANDATE OF YAG

YAG Members shall:

- Support the Presence in integrating youth perspectives in its programmatic planning and activities by providing ideas and comments on documents and initiatives targeting youth;
- Autonomously identify areas of action relevant for the youth, as well as possible strategies targeting youth which the Presence might integrate in the fulfilment of its mandate;
- Promote and support the development of local initiatives and activities regarding youth engagement;
- Participate regularly in the online and other meetings organized by the Presence;
- Develop and support the organization of local events, and report to the Presence.
