SUBJECT: **Clarifications to the Invitation to Bid No. 18/2008/BPA144780**
- Q&A Batch 3
Supply and Delivery of Armoured Motor Vehicles to the OSCE

PAGES: one (1)

In accordance with paragraph 5 “Clarification of Bidding Documents” of Instructions to Bidders, the OSCE would like to provide the following clarifications to all prospective bidders:

Question 1:

Please could you clarify whether it would be acceptable for us to offer a vehicle with an engine of 3.6L Diesel?

Answer to Question 1:

The Section II-D: Technical Specifications from the ITB 18/2008/BPA144780 defines the requirement for the engine displacement to be minimum 4,000 ccm. Engine with displacement of 3.6L does not meet this requirement and is considered non-compliant with the technical requirements. As stipulated in paragraph 25.1 of the Section I: Instruction to Bidders, the OSCE reserves the right to accept such bid, provided it reorients best value.
