

**ANNEX: UAV image of the weapon and anti-aircraft gun spotted and map of location**

**Figure 1:** The image shows a surface-to-air missile launcher (9K33 *Osa*, 210mm) and an anti-aircraft gun (ZU 23) taken by the UAV in Korsun on 1 June, one day before the loss of communication with the UAV.

**Figure 2:** The image pinpoints the location where communication with the UAV was lost.
