What is the OSCE?

With 57 participating States in North America, Europe and Asia, the **Organization for Security and Co-operation in Europe (OSCE)** is the world's largest regional security organization, working to ensure peace, democracy and stability for more than a billion people.

Security touches on many aspects of the way we live and are governed. The OSCE's comprehensive view of security covers **three "dimensions"**: the politico-military; the economic and environmental; and the human dimension.

It works in a wide range of security-related areas, including arms control, confidence- and security-building, human rights, national minorities, democratization, policing, counter-terrorism and economic and environmental activities.

All 57 participating States enjoy equal status, and decisions are taken by **consensus** on a politically, but not legally binding basis. One of key decision-making bodies of the OSCE is the Permanent Council that meets weekly in Vienna.

What is the Model OSCE?

The **Model OSCE** is a simulation game which reproduces the Permanent Council of the OSCE during a crisis situation. The game participants represent OSCE participating States and other relevant actors who work together to resolve the crisis.

We are looking for **30 motivated** students who would want to become diplomats for one day.
