HOLY SEE RESPONSE TO THE OSCE QUESTIONNAIRE ON ANTI-PERSONNEL MINES

Part I

1. Is your country a State Party to the 1996 Amended Protocol II on Prohibitions or Restrictions on the Use of Mines, Booby- Traps and Other Devices annexed to the 1980 Convention on Conventional Weapons (CCW)?
2. If yes: please attach the most recent annual report submitted by your country in accordance with Article 13 of the Amended Protocol or give the appropriate electronic address for the report
- ➔ **On 22nd July 1997 the Holy See ratified the Amended Protocol II (2020 annual Report submitted by the Holy See in accordance with Article 13 of the Amended Protocol attached).**
3. ~~If no: is your country considering ratification/accession to the Amended Protocol II?~~
4. What measures have been taken to prevent the indiscriminate use of mines, booby-traps and other devices?
5. Would your country be interested in receiving assistance related to the implementation of this Protocol? If so, please describe.
6. Does your country have the capacity to assist others related to this Protocol? If so, please describe.
- ➔ **Since there is no use, production, storage or transfer of mines, booby-traps and other devices in the territory of the Vatican City State, the Holy See has not taken any specific measures to prevent the indiscriminate use of those devices. The Holy See, therefore, does not require assistance related to the implementation of the Amended Protocol II.**

Part II

7. Has your country ratified or acceded to the 1997 Convention on the Prohibition of the Use, Stockpiling, Production and Transfer of Anti-Personnel Mines and on Their Destruction?
- 8.(a) If yes, please attach the most recent report submitted by your country in accordance with Article 7 of the Convention or give the appropriate electronic address for the report.
- ➔ **On 17th February 1998 the Holy See ratified the Convention on the Prohibition of the Use, Stockpiling, Production and Transfer of Anti-Personnel Mines and on Their Destruction (2020 annual Report submitted by the Holy See in accordance with Article 7 of the Convention attached).**

- (b) ~~If no, is your country considering ratification/accession to the Convention?~~
- (c) Has your country adopted legislation to address the humanitarian objectives of the convention, or taken any specific measures regarding the use, production, storage, transfer and destruction of anti-personnel landmines? In case a moratorium has been introduced, what is its scope and duration and when was it introduced?

→ **In the legal system of the Vatican City State, treaties ratified by the Holy See, such as the 1997 *Convention on the Prohibition of the Use, Stockpiling, Production and Transfer of Anti-Personnel Mines and on their Destruction*, are deemed self-executing and, in principle, do not require the adoption of implementing legislation. Nonetheless, on 30 December 2010, the Vatican City State amended its Criminal Code to increase the penalties applicable to the production, trafficking and introduction in the territory of insidious weapons and, on 11 July 2013, it defined the use of anti-personnel mines as a war crime.**

9. Does your country have any specific measures in place to provide assistance to victims?

10. Does your country require assistance in mine clearance, stockpile destruction, mine awareness and/or victim assistance? If so, please describe.

→ **Since there is no use, production, storage or transfer of anti-personnel landmines in the territory of the Vatican City State, the Holy See does not require any assistance in mine clearance, stockpile destruction, mine awareness and/or victim assistance.**

11. Does your country have the capacity to assist others in mine action? If so, please describe.

OSCE QUESTIONNAIRE ON EXPLOSIVE REMNANTS OF WAR

1. Has your country notified the Depositary of its consent to be bound by the 2003 CCW Protocol V on Explosive Remnants of War (ERW) once it enters into force? Is your country considering doing so?
2. If yes: at what stage is the process?
- **On 13th December 2005 the Holy See notified the Depositary of its consent to be bound by the 2003 CCW Protocol V on Explosive Remnants of War.**
3. Would your country be interested in receiving assistance in clearing or otherwise minimizing the risks and effects of ERW? If so, please describe.
- **Since there are no Explosive Remnants of War in the territory of the Vatican City State, the Holy See does not need any assistance in clearing or otherwise minimizing the risks and effects of ERW.**
4. Does your country have the capacity to assist others in clearing or otherwise minimizing the risks and effects of ERW? If so, please describe.

General Remarks concerning the implementation of the Convention and its annexed Protocols

The Vatican City State - Holy See has never used, stockpiled or produced any sort of conventional weapons which may be deemed to be excessively injurious or to have indiscriminate effects which are covered by the Convention and its five annexed Protocols.

There are no such conventional weapons placed on the territory of Vatican City State.

The provisions of the CCW as well as the provisions of its five annexed Protocols have been completely implemented.

The Holy See supports and promotes all activities focusing on a total worldwide elimination of conventional weapons which may be deemed to be excessively injurious or to have indiscriminate effects which are covered by the Convention and its five annexed Protocols. The Holy See is undertaking continual efforts to help victims suffering the terrible consequences caused by such weapons.
