POLIS

Policing **O**n**L**ine
Information **S**ystem

-
- **The OSCE is a non-career organization and its field missions are temporary in nature**
 - **There is little *horizontal* communication between OSCE field missions**
 - **The need is access critical information in 'real time'**
-

Lessons learned but not applied

Finding experienced staff

Avoiding duplication or overlap

To create a central collection point and repository for all police- and law enforcement-related knowledge and information generated by the OSCE institutions and field missions

Digital Library

Policing Experts Database

**Co-ordination Mechanism for
Police Assistance Programmes**

Digital Library

- **Safeguard institutional memory**
- **Collect and organize lessons learned**
- **Make accessible to practitioners**

Policing Experts Database

- **A ready roster of short-term expertise**
- **Quality rather than quantity**
- **The right person at the right time**

About

OSCE Policing OnLine is a unique resource, consolidating all aspects of contemporary policing issues, initiatives, techniques, operations, assistance programmes, funding opportunities, lessons learned and good practice undertaken by the OSCE since 1998. Its objective is to provide all interested parties with access to a vast storehouse of information and knowledge available online.

Digital Library

The Digital Library is a comprehensive collection of documents created and supported by a community of policing practitioners. It is a central repository of knowledge for the storage and retrieval of information relating to all aspects of international police-related assistance.

Policing Experts Database

The Policing Experts Database forms a pool of skills and expertise from OSCE institutions and other international organizations. OSCE institutions and missions can draw on to provide consultative-like expertise for short-term periods (1 week up to 6 months). To apply as a policing expert you first have to register with OSCE Policing OnLine and then fill in the expert registration form. If you are interested in a longer term position, please visit the **OSCE REACT website**.

Registration

The OSCE's Strategic Police Matters Unit builds up police capacity in several countries of the former Soviet Union. (OSCE/Mikhail Evstafiev)

To join the OSCE Policing OnLine community please create an account by clicking on the register button. Registration is free of charge and gives you access to the Police Experts Database and Digital Library. To get access to all original documents using the Digital Library search and retrieval capabilities, you first need to accept our terms of use.

О нас

OSCE Policing OnLine Information System (POLIS) является ресурсом, который объединяет все аспекты современных вопросов полицейской деятельности, инициатив, методик, программ содействия, возможностей финансирования, усвоенных уроков и зарекомендовавших себя практических методик, разработанных и примененных ОБСЕ с 1998 года. Её цель состоит в предоставлении всех заинтересованным сторонам доступа к огромному хранилищу информации и знаний в режиме онлайн.

База Данных полицейских экспертов

База данных полицейских экспертов представляет собой банк информации о квалифицированных ресурсах, который может быть использован учреждениями и миссиями ОБСЕ как источник для информации о консультантах для работы по краткосрочному контракту (от 1 недели до 6 месяцев). Для того чтобы зарегистрироваться качестве полицейского эксперта, вы сначала должны пройти процедуру регистрации OSCE Policing OnLine и заполнить форму для регистрации экспертов.

Отдел по Стратегическим Вопросам Полицейской Деятельности ОБСЕ содействует укреплению полицейского потенциала в некоторых странах бывшего Советского Союза. (ОБСЕ/Михаил Евстафьев)

Donors Assistance Mechanism

Due to the international nature of crime, it is important to co-ordinate policing activities throughout the OSCE region. It is equally necessary to distribute resources efficiently and ensure maximum results for every investment in policing projects.
