#SAIFE – Proposal 2020

Title of Initiative:	

General Information

	APPLICANT
Starting Date: **Ending Date:** **Budget Requirements (in Euro):**	**Name:** **Title:** **E-mail:** **Telephone:**

1. Executive Summary

(max. half a page)

Outline a summary by providing concise answers to the following questions:
- What is your objective;
- What are the type of activities and results and how do they relate to the problem at hand;
- How will the activities contribute to the aims of the RFoM #SAIFE project on the impact of AI on freedom of expression as well as the overall mandate of the RFoM to safeguard media freedom and/or freedom of expression across the 57 OSCE participating States.

2. Background and Justifications

(max. one page)

This section should describe the context in which the initiative will take place, provide information on the needs assessment and significance of the issue, and how the activities will address it.

2.1 Needs assessment
⇨ Situation and problem analysis
⇨ Key stakeholders

2.2 Relevance/Rationale
⇨ After the problem identification make the link with the proposed intervention and the expected results, discussing how it can be effectively addressed.
⇨ Explain the relevance of your strategy in addressing the problem (including through the lenses of relevant political, socio-cultural, and gender equality and human rights context).
⇨ Indicate the added value for the RFoM #SAIFE project and the RFoM's engagement on the impact of AI on freedom of expression and media pluralism.

3. Objective and Results

Objective (in maximum 1 sentence)**:**

Result 1:

Outline the change that this initiative will deliver and by which activities.
Indicate how the activities will have an impact and contribute to the RFoM's #SAIFE project.

Result 2:
As above

4. Implementation Modalities

⇨ Provide short terms of reference (i.e. tasks and duties required).
⇨ Indicate a timeline for the implementation of the activities.
⇨ Outline the strategy for mainstreaming gender into the activities and results.
⇨ Indicate how the initiative will achieve sustainability of results after its completion.
⇨ Outline how monitoring and evaluation will be ensured and describe which indicators will measure/signal the achievements of the initiative and provide information on the planned target.
