OSCE Permanent Council No 1108

Vienna, 14 July 2016

EU on 'Peaceful Protests and Ensuring Constitutional Policing in the United States' as raised by the US Delegation

We thank the US Delegation for sharing information with the Permanent Council on the situation of peaceful protests and policing in the US, and for keeping the Council informed of the issue. As we have said before, we all have issues which are of concern to all participating States. It is important that there is an acknowledgement of the issues, and how they are addressed.
