**I. ORGANIZATIONAL MODALITIES**

The activities of the High Commissioner on National Minorities, the OSCE Representative on Freedom of the Media and the Contact Point for Roma and Sinti Issues will be addressed in the context of discussions on individual items relevant to their respective activities. In addition, two separate sessions will be devoted to the procedures and mechanisms for monitoring and enhancing compliance with Human Dimension commitments. Participating States will endeavour to be represented at a high level, in particular at the closing plenary sessions, by those responsible for shaping their policies regarding Human Dimension issues.

Heads of other international organizations and institutions having relevant experience in the Human Dimension field will also be invited to participate, in particular in the closing plenary sessions.

Interpretative statement under paragraph 79 (Chapter 6) of  
the Final Recommendations of the Helsinki Consultations

By the Delegation of Turkey:

“During the informal Permanent Council meetings at which we discuss and set the agenda and organizational modalities of the Human Dimension Review Implementation Meetings, Turkey has been a strong advocate for the inclusion of an agenda item dealing with combating terrorism. Unfortunately, until now, while other agenda items of interest to a particular country or group of countries have been received favourably, our proposal has not found consensus. This year, in last week’s informal PC meeting devoted to the agenda of the Human Dimension Implementation Review Meeting, Turkey did not table its long-standing proposal on terrorism. This does not imply that we no longer believe there is a direct link between terrorism and human rights. Indeed, a terrorist commits the most basic human rights violation by attacking the right to life, among others. The fallacy of the assumption that only State actors can commit human rights violations has once again been amply demonstrated by recent developments in the OSCE area. This year, in a spirit of co-operation, and upholding the interests of our Organization, we have deferred a lengthy discussion on this particular issue by taking into account the extraordinary circumstances which have necessitated organizing the Human Dimension Review Implementation Meeting at such short notice. However, we shall be bringing this matter up for discussion in Warsaw under any item we deem appropriate. Thus we concur with the decision today on the organizational modalities, indicative agenda and work programme for the Implementation Meeting on Human Dimension Issues within this framework, and we request you, Mr. Chairman, to kindly have this statement attached to that decision.”
