INTERPRETATIVE STATEMENT UNDER PARAGRAPH IV.1(A)6 OF THE RULES OF PROCEDURE OF THE ORGANIZATION FOR SECURITY AND CO-OPERATION IN EUROPE

By the delegation of Ukraine:

“Mr. Chairperson,

Ukraine would like to make the following interpretative statement under paragraph IV.1(A)6 of the Rules of Procedure of the Organization for Security and Co-operation in Europe.

The Government of Ukraine regards adoption of this decision on deployment of an OSCE Special Monitoring Mission of international observers to Ukraine as an emergency response of the Organization to the grave conflict around the Autonomous Republic of Crimea that stemmed from military aggression by the Russian Federation aimed at annexing this integral part of Ukraine’s territory. Through its illegal actions, the Russian Federation violated imperative norms of international law, the Helsinki Final Act, bilateral and multilateral agreements, which guarantee Ukraine’s territorial integrity, inviolability of borders and non-intervention in internal affairs of Ukraine.

Amid Russia’s invasion of the Autonomous Republic of Crimea and growing tensions therein, Ukraine requested for the establishment of an international mission of observers, including from the OSCE, to establish facts on the ground in Ukraine, including specifically in the Crimean peninsula (PC.DEL/222/14 of 3 March 2014).

In view of the current developments and reflecting upon the existing areas of concern, the Government of Ukraine proceeds from the understanding that the mandate of the mission covers the territory of Ukraine within its internationally recognized borders, including the Autonomous Republic of Crimea, and that the deployment of the mission must start from the eastern and southern regions of Ukraine that in the light of the situation on the ground require immediate attention.

The delegation of Ukraine requests that this statement be attached to the decision and recorded in the journal of the day.

Thank you, Mr. Chairperson.”
INTERPRETATIVE STATEMENT UNDER PARAGRAPH IV.1(A)6 OF THE RULES OF PROCEDURE OF THE ORGANIZATION FOR SECURITY AND CO-OPERATION IN EUROPE

By the delegation of the United States of America:

“The U.S. delegation played an active part in the formation of consensus on this important decision. This required considerable effort on the part of all delegations involved in the negotiation process.

In supporting this decision, the U.S. reaffirms our firm commitment to Ukraine’s sovereignty and territorial integrity within its internationally recognized borders. The illegal ‘referendum’ held on Sunday in Crimea violated the Constitution and the sovereignty of Ukraine, and will not be recognized. Crimea is Ukraine. Only one participating State pretends that it is anything other than Ukraine. It is clear that with the adoption of this decision this mission has a mandate to work in Crimea and in all other parts of Ukraine. We note that all participating States must co-operate with this mission and should take no actions to obstruct its access to Crimea or any other region of Ukraine. We call on all parties involved to take action to reduce tensions and resolve any disputes peacefully through diplomatic means.

I request that the text of this statement be attached to the Permanent Council decision adopted and included in the journal of today’s meeting.”
By the delegation of Canada:

“Mr. Chairperson,

Canada wishes to make an interpretative statement under paragraph IV.1(A)6 of the OSCE Rules of Procedure in connection with the Permanent Council decision on the deployment of an OSCE Special Monitoring Mission to Ukraine.

Canada welcomes the adoption of this decision, and looks forward to the prompt deployment of the monitoring mission. We thank the Swiss Chairmanship for its efforts in achieving this result, as well as the participating States who have assisted in crafting the final text.

In this connection, we wish to reiterate our full support for Ukraine’s sovereignty and territorial integrity. As per the mandate we have just agreed, we expect that OSCE monitors will be granted ‘safe and secure access throughout Ukraine’, as defined by the Constitution of Ukraine. In light of the needs on the ground, priority attention should be devoted to the areas of highest concern in the east and south of Ukraine.

Nothing in the decision we have just adopted legitimizes the so-called ‘referendum’ held recently in Crimea under illegal military occupation. This ‘referendum’ has no legal effect, and Canada has not and will not recognize its outcome, nor will we recognize the subsequent decision by Russia to annex Crimea.

Canada requests that this statement be attached to the decision and reflected in the journal of the day.

Thank you.”
INTERPRETATIVE STATEMENT UNDER PARAGRAPH IV.1(A)6 OF THE RULES OF PROCEDURE OF THE ORGANIZATION FOR SECURITY AND CO-OPERATION IN EUROPE

By the delegation of the Russian Federation:

“In joining the consensus regarding the draft decision of the Permanent Council on the deployment of an OSCE Special Monitoring Mission to Ukraine, the Russian Federation proceeds from the assumption that the geographical area of deployment and activities of the mission in question is strictly limited by the parameters of the mandate as adopted today, which reflects the political and legal realities existing since 21 March 2014 as a result of the fact that the Republic of Crimea and Sevastopol have become an integral part of the Russian Federation.

Russian experts are willing to take an active part in the work of the OSCE Special Monitoring Mission to Ukraine in the interests of national reconciliation and the maintenance of peace, stability and security for all the country’s residents.

I request that this statement be attached to the decision adopted and included as an attachment to the journal of the day.”
