ORGANIZATIONAL MODALITIES OF THE 2021 ANNUAL SECURITY REVIEW CONFERENCE

Vienna, 31 August and 1 September 2021

Background

The Tenth Meeting of the OSCE Ministerial Council, at Porto, by adopting its Decision No. 3 dated 7 December 2002, established the Annual Security Review Conference (ASRC) to provide a framework for enhancing security dialogue and for reviewing the security work undertaken by the OSCE and its participating States, as well as an opportunity to exchange views on issues related to arms control and confidence- and security-building measures, and to promote the exchange of information and co-operation with relevant international and regional organizations and institutions.

Organization

A representative of the Chairperson-in-Office will chair the opening and closing sessions. The Secretariat will issue a journal of the Conference.

Each working session will have a moderator and a rapporteur, as will each special session. The Conflict Prevention Centre (CPC) will serve as co-ordinator for the preparation of the working sessions.

The Forum for Security Co-operation (FSC) will contribute to the Conference in accordance with its procedures, mandate and competences. In particular, the third working session will be chaired by the Chairperson of the FSC.

The ASRC will be subject to the Rules of Procedure of the OSCE. The guidelines for organizing OSCE meetings (Permanent Council Decision No. 762) will also be taken into account.

Interpretation from and into all six working languages of the OSCE will be provided at the opening, special, working and closing sessions.

The OSCE Chairmanship-in-Office (Sweden) will prepare the work of this year's ASRC, in close co-ordination with the FSC Chairperson and the OSCE Secretariat.

Following the Conference, the Chairperson-in-Office will distribute a comprehensive report of the Conference's proceedings.

The Communication and Media Relations Section (COMMS) will inform the press, as appropriate, and will work in close co-ordination with the Chairmanship.

Participation

The participating States are encouraged to be represented at a high level, by senior officials from capitals who are responsible for security-related policy in the OSCE area.

The OSCE institutions will participate in the Conference, as will the Secretary General and the CPC. The OSCE Parliamentary Assembly and the Partners for Co-operation are also invited to participate.

The Chairmanship may also invite heads of OSCE field operations to participate in the Conference. Heads of field operations or other high-ranking OSCE officials may also be invited to serve as keynote speakers or moderators.

The international organizations that may be invited are the security-related organizations mentioned in Permanent Council Decision No. 951 of 29 July 2010.

Consideration will be given to the possibility of inviting security-related scientific institutes, think tanks of international standing and NGOs to send keynote speakers or moderators, or to be represented as members of national delegations.

General guidelines for participants

The work of the ASRC will be conducted in eight sessions. The opening session is intended to set the stage for substantive, focused and interactive discussions during the special and working sessions. The opening session will include welcoming remarks by the Chairmanship-in-Office. The Chairmanship will explore the possibility of inviting high-level special guests to address the Conference.

Each working session and the special sessions will focus on a specific subject, introduced by keynote speakers, whose addresses will be followed by a discussion of relevant topics in accordance with the agenda.

The aim is interactive and free-flowing discussion.

In order to further enhance the effectiveness of security activities across all three dimensions of the OSCE, it is expected that each of the sessions will also address aspects of co-operation with international and regional organizations.

To encourage interactive discussion, interventions by delegations at the opening, special and working sessions should be as concise as possible, not exceeding five minutes in length. Moderators will be asked to enforce these time limits strictly. Prior circulation of statements and interventions will enhance the possibility of free-flowing discussion.

In accordance with the information circular regarding organizational aspects of the Conference sent out by the OSCE Secretariat, participants should inform the OSCE Secretariat of the composition of their delegations to the ASRC by 27 August 2021.

Participating States and other participants in the Conference are invited to submit any written contributions by 27 August 2021.

Written contributions should be submitted to Conference Services, which will then distribute them. Inputs to be circulated may also include, if appropriate, contributions by OSCE institutions and other international organizations.

Guidelines for keynote speakers

Keynote speakers should address the subject of their respective session, setting the scene for the subsequent discussion among delegations by raising appropriate thematic questions and suggesting potential recommendations for the work of the OSCE.

Presentations should be brief and concise and remain within the limit of 10 minutes per keynote speaker.

Keynote speakers should be present during the entire session at which they are speaking, and should stand ready to engage in the debate following their presentation.

Keynote speakers should provide a written contribution and their curriculum vitae to the CPC by 27 August 2021. Within their presentations, keynote speakers should touch upon the highlights (or core elements) of their written contribution.

Guidelines for moderators and rapporteurs

Moderators chairing the special and working sessions should facilitate and foster the debate among delegations. Moderators should facilitate the discussion by introducing items strictly related to the subject of the session they are chairing.

Following the Conference, the written reports provided by rapporteurs should address issues raised during the special and working sessions, covering suggestions elaborated during the sessions, and other relevant information. Personal views will not be accepted as part of the reports.

Moderators and rapporteurs should identify and summarize specific recommendations advanced during their respective session.

Guidelines for the participation of other international organizations

International and regional organizations may participate in all special and working sessions. They are kindly invited to focus on aspects of co-operation with the OSCE within the scope of the relevant session.

International and regional organizations should provide the participants of the ASRC with factual and relevant information on their work by sending such information to Conference Services by 27 August 2021.

**INTERPRETATIVE STATEMENT UNDER
PARAGRAPH IV.1(A)6 OF THE RULES OF PROCEDURE
OF THE ORGANIZATION FOR SECURITY AND
CO-OPERATION IN EUROPE**

By the delegation of Armenia:

“Madam Chairperson,

In connection with the adoption of the Permanent Council decisions on the dates, agenda and organizational modalities of the Annual Security Review Conference (ASRC), the delegation of Armenia would like to make the following interpretative statement under paragraph IV.1(A)6 of the OSCE Rules of Procedure.

The position of Armenia on the draft decisions on the dates and on the agenda and organizational modalities of the 2021 ASRC was presented in detail during the discussions in the Preparatory Committee, in the letter addressed to the Chairperson of the Permanent Council distributed on 29 June under reference number PC.DEL/1029/21, as well as on 30 June 2021 at the 981st meeting of the Forum for Security Co-operation.

We once again reiterate that as the key annual security event of the OSCE the ASRC should address and discuss major security challenges to the peace and security in the OSCE area of responsibility. The 2002 Porto Ministerial Council decision clearly prescribes to hold the ASRC annually being mindful of the danger conflicts in various regions in the OSCE area pose to all participating States.

It is alarming that the current security situation in the OSCE area created by an illegal use of force which resulted in thousands of losses, mass displacement and enormous destruction is being sidelined from the agenda of the ASRC. Such a deviation from the mandate of this Organization and purpose of the ASRC is indeed unprecedented.

At the same time, bearing in mind the efforts by the Swedish OSCE Chairmanship and in a spirit of compromise, the delegation of Armenia demonstrated utmost flexibility and a constructive stance to help overcome the stalemate and reach consensus on the main annual security event of the OSCE with an understanding that security challenges emanating from the use of force within the Nagorno-Karabakh conflict will be thoroughly discussed and assessed in the Organization.

We expect that the constructive stance by Armenia will be duly appreciated and relevant conclusions will be drawn for the preparations of the 2022 Annual Security Review Conference.

With this in mind Armenia joined the consensus on the decisions on the dates and on the agenda and organizational modalities of the 2021 Annual Security Review Conference.

I kindly ask that this interpretative statement be attached to the decision on the agenda and organizational modalities of the 2021 Annual Security Review Conference, as well as to the journal of the day.

Thank you.”

**INTERPRETATIVE STATEMENT UNDER
PARAGRAPH IV.1(A)6 OF THE RULES OF PROCEDURE
OF THE ORGANIZATION FOR SECURITY AND
CO-OPERATION IN EUROPE**

By the delegation of the Russian Federation:

“Having joined the consensus regarding the Permanent Council decision on the approval of the 2021 OSCE Unified Budget, the Russian Federation notes the following.

This year the Organization has encountered an unprecedented delay in the adoption of the Unified Budget. The cause of this is, quite apart from anything else, the unconstructive position of a number of countries that for a long time insisted on approving a real increase in funding for the Office for Democratic Institutions and Human Rights (ODIHR) despite the lack of any financial justification for such a decision.

We note that, during the consultations on the budget, the ODIHR was unable to present convincing evidence of the need for additional resources to be allocated to its elections programme. The methodology used by the Office to calculate cost estimates for election monitoring is based on average figures for the expenses over the past five years. Such an approach is geared towards the past and cannot serve as justification for increasing funding in the future. We intend to proceed on that premise when considering the new budget requests of the ODIHR.

At the same time, we plan to closely monitor the programmatic component of the Office’s activities. As has repeatedly been mentioned by many participating States, including Russia, all is by no means in order in that respect either. First and foremost, this concerns the election observation methodology. The need for this discussion to be continued is also reflected in the preamble to the decision adopted today.

We regret that those very participating States that were prepared, in violation of the principles of budgetary discipline, to approve a financially unjustified level of expenditure for the ODIHR insisted on a zero-growth budget for the Secretariat. We consider such a linkage to be illegitimate and counterproductive. While agreeing to the Permanent Council’s package-style decision on the Organization’s Unified Budget for 2021, we officially declare that reducing the cost estimates for the Secretariat is not something we chose ourselves.

In contrast to the ODIHR, the Secretariat prepared a fully substantiated request for an increase in funding, which was largely prompted by a revision of Staff Standard Costs as a result of inflation. The imposition of zero nominal growth on the Secretariat against all

common sense entails arbitrary cuts to operating expenses, which could have a negative impact on programmatic activities and the implementation of previously approved mandates. It is our understanding that such cuts cannot constitute a precedent.

We count on the future Polish OSCE Chairmanship to draw lessons from this year's inordinately drawn-out process of discussing the Unified Budget. We believe that this so late adoption of a document that is important for the whole Organization could have been avoided if the concerns about matters of principle harboured by all the participating States had been reflected in it in good time, rather than those of individual groups. After all, it is precisely in this way that the principle of consensus operates.

We request that this statement be attached to the adopted decision and included in the journal of today's meeting of the Permanent Council."

**INTERPRETATIVE STATEMENT UNDER
PARAGRAPH IV.1(A)6 OF THE RULES OF PROCEDURE
OF THE ORGANIZATION FOR SECURITY AND
CO-OPERATION IN EUROPE**

The delegation of Slovenia, in its capacity as EU Presidency, passed the floor to the representative of the European Union, who delivered the following statement:

“The Member States of the European Union welcome the adoption of the OSCE Unified Budget for 2021. We commend the efforts made by the Swedish Chairmanship in the budget negotiations, which went on for almost a year. We thank the Swedish Chairmanship and all the other people involved in this hard work.

The EU Member States, whose contributions account for 60 per cent of our Organization’s budget, remain committed to providing the Organization with adequate resources so that it can implement its comprehensive approach to security.

We were ready to accept the previous budget proposals and deeply regret that no consensus could be achieved. However, we have accepted the Chairmanship’s latest proposal because these final reductions were necessary to secure the support of all participating States for the adoption of the 2021 Unified Budget. It is important to preserve the full operational continuity of the OSCE.

The latest reduction significantly affects the Office for Democratic Institutions and Human Rights and the Secretariat. We consider that it is of the utmost importance to ensure adequate funding for the entire Organization. The Organization must be able to count on solid resources to fulfil its mandate, and it must also undertake all the necessary reforms to improve its effectiveness and efficiency, in line with the expectations of the participating States and the guidance of the Chairperson-in-Office.

We emphasize once again the crucial importance of the autonomous institutions and recall our position in this regard.

We recall that the human dimension is at the core of the OSCE’s mandate and is indispensable for its accomplishment.

The EU Member States will continue to promote gender equality in all of the OSCE’s activities. We support the allocation of sufficient resources for implementing this principle. We stress the importance of a gender policy in the OSCE and the crucial role that women can play at all levels of decision-making, not least in peace processes and mediation.

The discussion of the 2021 budget has also once again demonstrated the urgent need to find a solution for the Augmentations Fund with account taken of the financial arrangement adopted by the participating States regarding their level of contribution. We reiterate our support for the continued transfer of the posts concerned to the scale for the Secretariat.

We look forward to a rapid solution to the question of reimbursement from the Unified Budget of taxes levied by certain participating States on the income of local mission staff, all the more so as Uzbekistan has made a responsible choice, which we welcome again, to comply with its commitments in this area and to settle its arrears due to our Organization.

Finally, we wish to reiterate our commitment to making the necessary improvements to cost-sharing among the participating States. Since the expiry of the Scales of Contributions in December 2017, only provisional or temporary solutions have been adopted. The efforts to find a lasting solution should be continued so that a consensus, which remains essential, can be achieved as quickly as possible.

We request that this statement be attached to the adopted decision and included in the journal of the day.”

**INTERPRETATIVE STATEMENT UNDER
PARAGRAPH IV.1(A)6 OF THE RULES OF PROCEDURE
OF THE ORGANIZATION FOR SECURITY AND
CO-OPERATION IN EUROPE**

By the delegation of Norway (also on behalf of Switzerland):

“Madam Chairperson,

In connection with the adoption of the decision of the approval of the 2021 Unified Budget, I would like to make the following interpretative statement under paragraph IV.1(A)6 of the OSCE Rules of Procedure on behalf of the delegations of Switzerland and Norway.

In paragraph II.3, the participating State acknowledge that agreement could not yet be found on all programmatic activities and note the need to continue some of these discussions. The delegations of Switzerland and Norway would like to stress that this paragraph pertains to one particular issue only and does not open up the rest of the document for discussion.

Madam Chairperson,

Our two delegations thank the Swedish Chairmanship for the hard work and persistence in getting the Unified Budget for this year approved.

I request that this statement be attached to the decision and the journal of the day.

Thank you.”

**INTERPRETATIVE STATEMENT UNDER
PARAGRAPH IV.1(A)6 OF THE RULES OF PROCEDURE
OF THE ORGANIZATION FOR SECURITY AND
CO-OPERATION IN EUROPE**

By the delegation of Azerbaijan:

“In connection with the decision on approval of the 2021 Unified Budget adopted by the Permanent Council, the delegation of Azerbaijan would like to make the following interpretative statement for the record.

Permanent Council Decision No. 553 of 2003 on the OSCE’s Unified Budget process directs that ‘Fund Managers shall submit to the Secretary General budget proposals for their respective Funds in accordance, *inter alia*, with Decision No. 486, paragraph 3, with the aim of operationalizing their assigned mandates into clearly defined annual objectives, of elaborating programmes in support of achieving these objectives and of presenting the full resource costs required.’

The delegation of Azerbaijan joined the consensus on this decision on the basis of understanding that ‘agreement could not yet be found on all programmatic activities’ and that there is ‘the need to continue some of these discussions’, as specifically acknowledged in the present decision of the Permanent Council. In particular, no consensus could be reached on the future potential programmatic activities, objectives and planned outputs related to the Minsk Process, which is subject to ongoing discussions in light of the trilateral statement signed by Azerbaijan, Armenia and Russia on 10 November 2020 that put an end to the armed conflict between Armenia and Azerbaijan.

Permanent Council Decision No. 486 of 2002 establishes a clear link between objectives and the resources that will be required/allocated to reach these objectives. Clearly identified objectives and outputs will allow for the assessment of the extent to which the resources that will be provided in the Unified Budget will be efficiently and transparently used to achieve the planned objectives. The delegation of Azerbaijan reiterates that in absence of the agreement on the clearly defined programmatic activities, objectives and planned outputs related to the Minsk Process, the delegation of Azerbaijan joined the consensus on approval of the 2021 Unified Budget contained in Annex I and the 2021 Unified Budget Post Table contained in Annex II, attached to the present decision, on the basis of understanding that it authorizes Fund Managers to use the resources allocated to the above-mentioned Funds as a provisional measure, pending the outcome of the discussions on these programmatic activities. The Permanent Council by this decision specifically underlines that ‘the budget composition as presented in Annex I reflects an expenditure pattern specific

to this year and should not be seen as setting an annual base line for the allocation of resources in the 2022 Unified Budget Proposal’.

I would like to request that this interpretative statement be attached to the Permanent Council decision and to the journal of the day.”

PARAGRAPH IV.1(A)6 OF THE RULES OF PROCEDURE
OF THE ORGANIZATION FOR SECURITY AND
CO-OPERATION IN EUROPE**

By the delegation of Armenia:

“Madam Chairperson,

In connection with the adoption of the Permanent Council decision on the approval of the OSCE 2021 Unified Budget, the delegation of Armenia would like to make the following interpretative statement under paragraph IV.1(A)6 of the OSCE Rules of Procedure.

This budget represents a compromise approach on the part of the Republic of Armenia in an unprecedentedly difficult political, economic and security situation as a result of the global COVID-19 crisis and the large-scale illegal use of force by two participating States against the people of Artsakh. In this context, we reiterate our full support for the mandates of the OSCE Minsk Group Co-Chairs (Minsk Process), the Personal Representative of the Chairperson-in-Office (PRCiO) and the High-Level Planning Group (HLPG) and stress the importance and priority that we attach to the proper implementation of their mandates. We recall our firm position on the current staff composition of the High-Level Planning Group, which remains a major obstacle to the effective implementation of its mandate in a neutral and impartial manner, and call for the necessary staffing changes in the HLPG so that it enjoys the trust and confidence of all parties to the conflict. We also reiterate the importance and priority of proper, strict and accurate implementation of the mandates of all OSCE executive structures, including the Conflict Prevention Centre (CPC), the Transnational Threats Department (TNTD) and the Office of the Co-ordinator of Economic and Environmental Activities (OCEEA).

Armenia attaches great importance to the OSCE’s role in conflict prevention and resolution. As the largest regional security organization, the OSCE, with its concept of comprehensive and indivisible security and early warning and conflict-related mandates and mechanisms, should play a more active role in preventing conflicts and ensuring peaceful settlement of disputes. It is equally important that all the existing conflicts in the OSCE area are dealt with the same degree of urgency, engagement and commitment, without any prioritization or discrimination. We also believe that the budgets of all conflict-related mandates, agreed formats, programmes and projects should be adopted as a matter of priority in a synchronized, uniform and balanced manner.

The delegation of Armenia calls on the current and future OSCE Chairmanships to remain seized of the matter and support the timely renewal and adoption of all OSCE conflict-related mandates without hierarchy.

I request that this interpretative statement be attached to the adopted decision and to the journal of the day.”

**INTERPRETATIVE STATEMENT UNDER
PARAGRAPH IV.1(A)6 OF THE RULES OF PROCEDURE
OF THE ORGANIZATION FOR SECURITY AND
CO-OPERATION IN EUROPE**

By the delegation of the United Kingdom:

“In connection with the decision of the Permanent Council on the approval of the 2021 Unified Budget, the United Kingdom would like to make the following interpretative statement under paragraph IV.1(A)6 of the OSCE Rules of Procedure.

As is the case for all international organizations, the OSCE’s Unified Budget is essential to enable the smooth operation of the Organization, including its executive structures, its autonomous institutions, and its field missions. As a matter of prudence, support and foresight for this Organization the Permanent Council should be adopting the Unified Budget by 20 December the preceding year.

Instead, we are adopting this Unified Budget almost eight months later – on 18 August. This creeping delay and use of the OSCE Unified Budget as a political tool needs to stop.

We were willing to join consensus on a proposal above the final agreed budget. And we reiterate the point that – due, *inter alia*, to the exceptional circumstances posed by COVID-19 which has created projected underspend – the agreed budget composition in Annex I should not set an annual base line for 2022.

Alongside the OSCE’s Secretariat, the OSCE’s autonomous institutions and field missions undertake excellent work to support implementation of our collected OSCE principles and commitments. They need to be adequately financed in order to achieve this role. We particularly underline the need for the Office for Democratic Institutions and Human Rights to have sufficient funding to carry out its elections work and other activities in support of participating States. The United Kingdom agreeing to the 2021 Unified Budget as contained in Annex I – in the spirit of consensus – does not change that assessment.

I request that this statement be attached to the decision and to the journal of the day.”
