Country: Sweden

E-mail: isotalo/a/comhem.se

Key areas of work: Information in Sweden about the OSCE institutions and their tasks. Observing OSCE meetings.

Recommendation:

We suggest that OSCE works upon that the immigrants themselves - through for ex. NGO:s - evaluate their problems that they face due to the fact of their immigrant or/and minority origin. In Bucharest we should evaluate for the large Finnish immigrant group and for the small Finnish minority group - both in Sweden.

1. Participation on the general elections, even in Finland
2. Dual-language as a goal for all education
3. Swedish media for immigrants and for regional minorities. Media from Finland
4. Attaching the Finnish minority to the Finish immigrants, i.e the Finish Diaspora in Sweden
