April - June 2020

The following six groups have been categorised with a view to helping readers navigate among the "official documents" collections available on the OSCE web. Please note that the selection of documents presented in this publication is not exhaustive and that the categorisation is not always clear-cut, as some documents could be placed in more than one category.

I. OSCE PERIODICALS AND PUBLICATIONS are digital documents which cover the whole range of issues the OSCE is engaged in, from different areas of activity to media, conference, research and fact sheets.

II. DECISIONS, CONCLUDING DOCUMENTS AND JOURNALS OF THE DAY guided by regular OSCE negotiating and decision-making bodies (such as plenary meetings of the Permanent Council or Ministerial Council meetings).

III. SELECTED STATEMENTS, INTERNATIONAL REGULAR REPORTS AND CONTRIBUTIONS made by the OSCE Chairmanship in Office and high-official representing OSCE structures, institutions and field operations. This includes statements delivered at OSCE meetings, statements and contributions to international regular reports, as well as statements issued by the Chairmanship.

IV. CONSOLIDATED SUMMARIES, REPORTS AND AGENDAS documents which provide a comprehensive overview of the OSCE's activities in the politico-military, economic and environmental, human dimension and other fields, as well as documents regarding the organization's internal structures.

V. SELECTED INTERESTED AND REFERENCE DOCUMENTS documents issued by external organizations, institutions and governments which are of interest to the OSCE community.
