

### Marketplace of OSCE Impact Stories

The Marketplace of OSCE Impact Stories will provide a space to present some of the Organization’s work and assistance to participating States in promoting gender equality and women’s empowerment across all dimensions. The Conference participants will be able to learn more about the effective work of the OSCE on the ground and to delve deeper into the topics covered during the sessions through first-hand accounts from partners and beneficiaries. To this end, 6 “market stands” focusing on projects' impacts will be set up and participants are invited to visit them while enjoying their lunch.

Please find hereunder the list of stands present at the Marketplace:
