

OPEN CALL

International exchange for investigative journalists 2021

The OSCE Presence in Albania will support three Albanian investigative journalists to participate in a peer-to-peer exchange with international colleagues appreciated for their investigative works. In 2019, the 3-day exchange was organized during the Global Investigative Journalism Conference in Hamburg, Germany, with the involvement of *Der Spiegel*. In 2020, travel was not possible, and journalists were awarded laptops. This year, because of the constantly changing traveling restrictions, details of the exchange will be announced at a later stage.

Aiming to select the participants, we open a competition and invite investigative journalists to apply.

We are looking for the best investigative reports in print, TV, radio and online media on **fight against corruption** in Albania.

Criteria:

- Albanian journalist working in Albania;
- Investigative report published or broadcast in Albania between 1 November 2020 and 31 October 2021;
- Each applicant can submit **only one** article.

Application should include :

- Curriculum Vitae;
- Motivation letter to participate in the international exchange;
- Attachment or link to the investigative report, documentary or film.

All applications are due by 31 October 2021, via email to mdu-al@osce.org
