The role of the private sector in strengthening good governance in logistics and supply chains

Dr. Christoph Feldmann (CEO)
The Association for Supply Chain Management, Procurement and Logistics, Germany

Procurement & Supply Chain:
No one is building bridges more effectively world wide!

SCM as key enabler in Global Health

51st BME Symposium | 9th-11th Nov

Procurement & SCM as a global network

24th OSCE Economic and Environmental Forum
“Strengthening stability and security through co-operation on good governance”
SECOND PREPARATORY MEETING
Berlin, 19 - 20 May 2016
Session 4, Mr. Christoph Feldmann
Procurement & Supply Chain:
No one is building bridges more effectively worldwide!

We are living in exponential times:
Companies have to manage more and more complex, flexible and volatile supply chains

- Increasing number and intensity of natural disasters and unpredictable events
- Increasing customer requirements
- Increasing externalization
- Increasing financial volatility
- Increasing political conflicts
- Increasing global competition
- Increasing number and intensity of natural disasters and unpredictable events
- Increasing customer requirements
- Increasing externalization
- Increasing financial volatility
- Increasing political conflicts
- Increasing global competition

Stronger focus on sustainability and compliance
The digital revolution is around the corner:

Procurement & SCM is the key driver for success in Industry 4.0
