**Working Session 6. Tolerance and non-discrimination I.
HDIM, 13. September 2018.
Warsaw**

The Church of Scientology can exercise its religion without any restriction as a religious association and allowed to use the title of a church.

The ongoing administrative and criminal procedures does not have any effect on the freedom of religion or belief. The procedures started because of the violation of data protection regulation and the Criminal Code, which were justified by the Supreme Court of Hungary. It should be mentioned that similar procedures took place with regard to the Church of Scientology in several European states.
