

# BE CAREFUL WHEN CROSSING OR WALKING ON THE ROAD!

OVER 1,000 PEDESTRIANS WERE INJURED IN  
TRAFFIC ACCIDENTS OVER THE LAST TWO YEARS.  
44 OF THEM DIED; 10 WERE CHILDREN.

## **FOR YOUR OWN GOOD, OBSERVE THE LAW ON ROAD TRAFFIC SAFETY!**

### **AS A PEDESTRIAN, YOU ARE REQUIRED BY THE LAW TO FOLLOW THESE RULES:**

- USE THE SIDEWALK OR ANY OTHER AREA DESIGNATED FOR PEDESTRIAN MOVEMENT.**
- IF NO SIDEWALK IS AVAILABLE, YOU MUST WALK AS CLOSE TO THE ROAD EDGE AS POSSIBLE AND IN THE OPPOSITE DIRECTION OF VEHICLE MOVEMENT, ALWAYS MAKING WAY FOR THE APPROACHING VEHICLES.**
- WHEN CROSSING THE ROAD, EXERCISE EXTRA CAUTION AND LOOK ALL WAYS. USE PEDESTRIAN CROSSINGS WHENEVER THEY ARE AVAILABLE.**
- ON MARKED PEDESTRIAN CROSSINGS, YOU MUST ALWAYS OBSERVE LIGHT SIGNAL INDICATORS WHENEVER THEY ARE AVAILABLE OR THE SIGNALS OF AUTHORIZED OFFICIALS REGULATING TRAFFIC.**
- NEVER CROSS THE ROAD DIRECTLY IN FRONT OF A MOVING VEHICLE, INCLUDING ON PEDESTRIAN CROSSINGS, OR BEHIND VEHICLES OR ANY OTHER OBSTACLE THAT LIMITS VISIBILITY ON THE ROAD.**
- WHEN CROSSING THE ROAD, PAY ATTENTION TO THE DISTANCE AND THE SPEED OF THE APPROACHING VEHICLE, EVEN IF HE/SHE HAS PRIORITY OVER ROAD TRAFFIC.**
