

HATE MONITOR

DECEMBER 2021

Hate-motivated incidents are often violent manifestations of intolerance which instil fear and divide communities. Tackling underlying prejudice is essential in combating the spread of these divisive actions. The OSCE Mission to BiH supports the work of government institutions, the criminal justice system, local authorities and civil society to effectively respond to these incidents. The Hate Monitor provides a monthly update on incidents and responses throughout BiH.

From September to December, 11 CSO representatives from across BiH gained the knowledge and skills necessary to administer small-scale social surveys. The represented CSOs further developed their capacities to take an active role in monitoring and implementing social cohesion activities at the local level, enabling the CSOs to better reinforce social cohesion in their communities.

The Hate Monitor provides an update on all potential hate-motivated incidents and responses known to the OSCE Mission to BiH at the time of publishing the report.
