## I. INTRODUCTION

The purpose of this Report on Political Entity Campaign Financial Disclosures is to provide the public with information of financial transactions for the campaign period of those Political Entities which contested the 2007 Kosovo Assembly Elections, Municipal Assembly Elections and Mayoral Elections. This information is provided to the public to make the political process more transparent, and the Political Entities more accountable to their voters.

The Report pinpoints as accurately as possible the amount each Political Entity spent on its campaign. The reasons for this were two-fold: (1) each Political Entity was bound by the spending limit (500 € for every thousand (1000) registered voters) as established by the Central Election Commission; and (2) an accurate estimation of expenditures gives the auditors a precise depiction of the level of income generated by a Political Entity to finance its campaign. Although enforcement of the spending limit is an important part of the financial disclosure process, the principal aim of financial disclosure is to require the Political Entities to disclose the sources of their income.

The authority to prepare this report derives from two UNMIK Regulations, Regulation 2007/26, Amending UNMIK Regulation No. 2004/12, On Elections for the Assembly of Kosovo and 2007/27, On Municipal Elections in Kosovo. Section 28.1, respectively Section 30.1 of the above mentioned UNMIK Regulations states the following:

The Central Election Commission, acting through the Office, may audit any Campaign Financial Disclosure Report or Candidate Financial Disclosure Form.

The Office is defined as the Political Party Registration Office, currently within the OSCE Mission in Kosovo.

Regulation 2007/26, Amending UNMIK Regulation No. 2004/12, On Elections for the Assembly of Kosovo, UNMIK Reg. 2007/27, On Municipal Elections in Kosovo, UNMIK Regulation 2004/11, On the Registration and Operation of Political Parties in Kosovo, and the Central Election Commission Electoral Rule 10/2007, Campaign Spending Limits and Financial Disclosure, set out the Campaign Financial Disclosure requirements for those Political Entities contesting the 2007 Kosovo Elections.

## II. EXPLANATION OF TERMS AND EXPRESSIONS

For the purpose of this report:

"Political Entity" means a Political Party, Coalition of Political Parties, Citizens' Initiative or Independent Candidates certified by the Central Election Commission to contest the 2007 Kosovo Assembly Election, Municipal Assembly Elections and Mayoral Elections;

"Contributions" means a gift, subvention or bequest of any kind to a Political Entity, whether in cash or in-kind, and includes the payment of the Entity's debts and the provision, other than on commercial terms, of any property, loan, services or facilities for the use or benefit of the Entity. Services provided to a Political Entity by individuals voluntarily, on their own time and free of charge shall not be considered to be Contributions. A Contribution is made at the time when the benefit of the Contribution is received by a Political Entity;

"In-Kind Contributions" means goods or services provided to a Political Entity without any payment in return;

"Indirect Contributions" means a contribution made through an individual from the money, property or services of a third party;

"Expenditure" means a payment made for goods or purchase of goods, materials, labour, or services whether tangible or intangible. An Expenditure is made on the date the payment or purchase is made or on the date the goods, materials, labour, or services are provided, whichever is earlier;

"Disbursement" means a payment made during the reporting period;

"Donation" means a monetary contribution to a Political Entity;

"Campaign Spending Limit" means the limit that should not be exceeded by any Political Entity's Campaign Expenditures.

"Accounts Payable" means an Expenditure made but not paid during the reporting period, therefore it is a liability that a Political Entity is obliged to pay to the other person.

"Assets" means all real or personal property owned directly or indirectly, including cash on hand and bank deposits, as well as any proceeds derived from by way of sale, disposition or other agreements, the value of businesses owned, and any item owned having a value greater than five hundred Euro (€500) and with an expected economic life exceeding three (3) years;

"Liabilities" means all monetary sums that a Political Entity is obliged to pay to other persons;

"Equity" means the difference between Assets and Liabilities as defined above;

"Balance sheet" means the Political Entities' financial disclosure of Assets, Liabilities and Equity as defined above.

All above mentioned terms are taken from above mentioned UNMIK Regulation 2004/11, UNMIK Reg. 2007/26 and UNMIK Reg. 2007/27, Section 1.

## III. THE AUDIT PROGRAMME

## Methodology

Due to limited resources and time the audit programme should be regarded more as a review of the disclosed financial data than a thorough and comprehensive inspection. The audit programme focused its review on those Political Entities that gained one or more seats in the Kosovo Assembly. The sources of income for those Political Entities constituted the core part of the audit.

Although this is the fourth year the Political Party Registration Office auditors have performed this audit, many of the Political Entities and the persons who are responsible for their financial management experienced auditing for the first time. This would explain why the audited records and documentation are of a lesser quality than required, and may contain an undesirable audit risk. Therefore, the auditors have had to employ other sources of information, audit evidence, to issue an more accurate and credible report than submitted by Political Entities.

Frequent meetings with the Political Entity Financial Representatives were held during the audit in order to clarify records or to get additional information. In addition, prior to the deadline for submission of the Campaign Financial Disclosure Reports, the Political Party Registration Office in co-operation with the International Foundation for Electoral Systems (IFES) organized training seminars with the Financial Representatives of all Political Entities.

### **Political Entity obligations**

The Entities that took part in the Kosovo Assembly Elections, Municipal Assembly Elections, and Mayoral Elections were required by Electoral Rule 10/2007, *Campaign Spending Limits and Financial Disclosure*, to submit compiled reports for their headquarters as well as for all branches, including those for which the Entities were certified to take part in the elections.

Section 3.2 of the Central Election Commission Electoral Rule 10/2007 sets the deadline for reporting periods and submission deadline, as follows:

- (a) for the period beginning on 17 August 2007 and ending on 25 October 2007, no later than 4 November 2007; and
- (b) for the period beginning on 26 October 2007 and ending on 17 November 2007, no later than 12 December 2007.

In addition, pursuant to Section 7 of the Central Election Commission Rule 14/2007 Conduct of the Second Round of Mayoral Elections all Political Entities running for

second round of Mayoral Elections were obliged to submit a third Campaign Financial Disclosure Report no later than 2 January 2008.

Therefore, all certified Political Entities were obliged to submit two financial reports and Entities running for the second round of Mayoral Elections were obliged to submit a third report as well.

Campaign Financial Disclosure Reports must include:

- the amount of income of the Political Entity during the reporting period, including the sources and the date of all cash Contributions.
- all Expenditures, including Campaign Expenditures, made by the Entity during the reporting period; and
- a Balance Sheet showing the Assets, Liabilities and the Equity of the Entity as of the first day and ending on the last day of the reporting period.

## **Verification of Political Entity Financial Disclosure Reports**

To verify the Campaign Financial Disclosure Reports, auditors firstly relied on reports submitted by each Political Entity. In addition, several cross-referencing methods were used and comparisons between Entities were made to check whether the information provided by each Entity was credible. Former records of the Political Entities were cross-checked with new ones, price ranges of similar goods and services were gathered from the market, observer reports were used for rallies, and bills, receipts and other supporting documentation were cross-referenced against the disclosed figures. Information from main TV channels and newspapers was gathered to assess the advertisement Expenditures of Entities. Indispensable assistance with rally monitoring and information gathering on Expenditures was provided by OSCE Municipal Teams. Without these sources, the goal would certainly have been much more difficult to reach.

#### Sanctions

Some of the Political Entities did not fully comply with the requirements for financial disclosure, despite repeated attempts by the Political Party Registration Office to assist them and to encourage their compliance.

In accordance with Section 30 of the Regulation No. 2007/26 Amending UNMIK Regulation No. 2004/12, On the Elections for the Assembly of Kosovo and Section 32 of the UNMIK Regulation 2007/27, On Municipal Elections in Kosovo, the Political Party Registration Office, acting on behalf of the Central Election Commission, can issue administrative fees for late submission of a Campaign Financial Disclosure Report. Section 6 of the Central Election Commission Rule 10/2007 sets the maximum amount of the fee at three hundred Euro (€300) for late submissions but within 15 days of the deadline. The list of administrative fees issued to the Political Entities for all reporting periods is listed in Annex 4.

Pursuant to Section 6.5 (a) of Electoral Rule 10/2007, the Political Party Registration Office filed complaints with the Election Complaints and Appeals Commission against Political Entities that did not submit Campaign Financial Disclosure Reports within 15 days after the deadline. So far, complaints have been filed against 49 Political Entities for the pre-campaign period, against 22 Political Entities for the campaign period, and against five Entities for the campaign period related to the

second round of Mayoral Elections. A reference guide to complaints filed by the Political Party Registration Office can be found in Annex 5. Furthermore, the Political Party Registration Office can file complaints for submission of incomplete or inaccurate financial reports.

The fines are decided upon by the Election Complaints and Appeals Commission, and the maximum fine that can be imposed is two hundred thousand Euro (€ 200,000). The Election Complaints and Appeals Commission can initiate an investigation and impose fines based on the findings of the audit programme, as a result of complaints from the Political Party Registration Office, or any other individual or Entity qualified to file a complaint as set out in UNMIK Regulation No. 2007/26 and 2007/27.

Fines imposed by the Election Complaints and Appeals Commission are final and binding, therefore cannot be appealed.

#### **Public scrutiny**

This report shall be open to the public. Section 7 of Electoral Rule 10/2007 says:

- 7.1 The Central Election Commission, acting through the Office, shall establish and maintain a File for each certified Political Entity containing current copies of the financial documents as required under Section 31.1 of the Regulation No. 2007/26 Amending UNMIK Regulation No. 2004/12, On the Elections for the Assembly of Kosovo and in Section 33.1 of the UNMIK Regulation 2007/27, On Municipal Elections in Kosovo.
- 7.2 The Office shall make the contents of the File of each certified Political Entity available for public viewing:
  - (a) on the Central Election Commission official web page; or
  - (b) in a central location to be established by the Office during regular business hours and at least on a publicly accessible Internet web page.

Any individual or Entity qualified to file a complaint regarding the Campaign Financial Disclosure Reports, can do so within ten days of presentation of the final audit report to the Central Election Commission, addressing the complaint to the Election Complaints and Appeals Commission.

### IV. GENERAL EVALUATION

The purpose of audit reports is to ensure that Political Entities of Kosovo commit and understand that transparency is an essential value in democratic societies. This commitment is not only bound to elected Party Officials (candidate financial disclosure) but also comprises the internal mechanisms of Political Entities. How funds are raised and how they are spent by these Entities is of the utmost importance during election periods. In addition, all registered Political Parties must submit biannual financial reports according to the current framework for Political Parties registered in Kosovo (UNMIK Regulation No. 2004/11 *On the Registration and Operation of Political Parties in Kosovo*). However, only 25 out of the 96 certified

Political Entities are registered Political Parties. This fact increases the importance of the three electoral campaign financial disclosure reports, as they are the only means to have information from Political Entities other than Political Parties: Citizens' Initiatives, Coalitions and Independent Candidates.

### **Results and general observations**

Detailed results will be presented throughout this report, however, a few particular results need to be highlighted.

- a) The Political Party Registration Office found no evidence that any of the Political Entities taking part in the 2007 Kosovo Elections exceeded the spending limit for the campaign period. This was due to the fact that spending limit was cumulative for all elections running by Political Entity. For example, an Entity running for Kosovo Assembly had the spending limit of € 726,000 and if Entity was running in Municipal Elections, the spending limit for that Entity was increased for the amount of spending limit established in each municipality. Therefore, for larger Entities running for Kosovo Assembly and in many municipalities, the spending limit was almost doubled.
- b) Many of the Political Entities have still not fully complied with the requirements for financial disclosure. In accordance with the applicable procedures governing the operations of the audit, the Political Party Registration Office has filed 76 complaints against Entities that have failed to meet the requirements for disclosure. The auditors consider the most serious offences to be the filing of misleading reports and failure to disclose sources of Income. It is the responsibility of Election Complaints and Appeals Commission then to assess the violation and levy appropriate sanctions.
- c) The Political Party Registration Office continues to be concerned with the fact that in particular some larger Political Parties continue to resist disclosing financial records. This is particularly disturbing considering that elected representatives of these Parties are increasingly responsible at both municipal and central level for levying taxes, awarding contracts, budgeting, and spending of public funds. If the Parties themselves are unwilling to be transparent with the voters of Kosovo, it sets a poor example for the representatives of these Parties who are now in a position of governance.

In general, Donations and the money received from the Democratization Support Fund<sup>1</sup> constituted the major part of Income, and rallies and advertisements were the major part of Expenditures. However, the smaller Political Entities, such as Independent Candidates and Citizens' Initiatives, reportedly received more In-Kind Contributions than monetary Donations during the campaign period.

### Most frequent mistakes and omissions

The majority of the Political Entities committed the same mistakes when recording figures on the disclosure forms. The most incorrect calculations were made to the Equity calculation on the Balance Sheet. Also, Expenditures were often recorded under the wrong categories. These mistakes were tolerated and assessed within the range of acceptable errors.

7

<sup>&</sup>lt;sup>1</sup> The Democratization Support Fund is financed by the Kosovo Consolidated Budget and provided to the Political Entities which gained seats in the previous Kosovo Assembly Election.

In many cases, the address and/or the date of monetary Donations or In-Kind Contributions were omitted, even when they were known. The other example of a common omission was that the required information about the persons (legal or physical) to whom the Political Entity made disbursements was not disclosed.

In most occasions, In-Kind Contributions were underestimated or not reported at all. For the purpose of this audit, In-Kind Contributions have been defined as goods and services of any value provided without any payment in return. Thus, an In-Kind Contribution is made when, for instance, a Political Entity receives office space for free; hosts rallies without paying for rent of facilities or the services of singers and entertainers; or receives labour services on a volunteer basis by Party activists (other than the form of voluntary unskilled labour donated by private individuals). Provision of vehicles, drivers or fuel is also deemed as an In-Kind Contribution. In-Kind Contributions are not to be limited to the examples listed above.

The auditors have found many serious instances of underreported Expenditures. It logically follows that the Income used to finance campaign Expenditures has also been underreported to an equivalent level.

In addition, in most instances the Balance Sheets of Political Entities were not presented and when they where presented in several occasions they did not balance. In such cases the Political Party Registration Office had to balance Entity reports, which usually was done by increasing Income or Expenditure of the Entity.

Generally, most Entities underestimated their Expenditures in following categories:

#### Rent, wages and utilities

Only few Entities claim to own offices of any kind. The remaining offices must, therefore, be rented or provided free of charge by members or supporters. All the larger Entities have branches and sub-branches throughout Kosovo. The Political Party Registration Office also believes that this is the case for a number of the medium sized Entities. Not all of the Entities claimed costs for branch-offices or headquarters. In their estimations of total Expenditure per Entity, the Political Party Registration Office has added a nominal rent of offices for most of the Entities contesting in the elections. The reasons for this are:

- 1. A great number of the Entities claim to own office equipment;
- 2. Taking part in a Municipal Election does require a great deal of work on the part of the Entity and this work must be done somewhere.

It is the view of the Political Party Registration Office that this work has been performed by a considerable number of people throughout Kosovo. Therefore, a nominal amount for wages, telephone and utilities has also been added. Entities have argued that this was never paid for, which might certainly be the case. Offices given for free, unpaid work and telephone charges not received are In-Kind Contributions, and a part of Income as well as Expenditure. The office prices applied by the Political Party Registration Office are standard market prices for renting offices.

#### Television and radio spots

The Political Party Registration Office collected information from main TV and Radio stations broadcasting Kosovo wide about the airing space the Political Entities have received. In most occasions, information collected did not match the figures presented by Entities. It was observed that candidates of different Entities running for elections were producing TV or radio spots at their own expense and not reporting the Expenditures to their Political Entity. The Political Party Registration Office considered these Expenditures to be part of the Entities' campaign since candidates were running under the Entity's name.

#### Billboards

The office has monitored billboard advertisement and their display throughout Kosovo. Information collected was compared with figures disclosed by Entities. It is the view of the Political Party Registration Office that all Entities have underreported this information.

#### Rallies

Political Entities' campaigns in Kosovo municipalities were monitored by OSCE Municipal Teams. In order to get standardized information from monitoring teams, the Political Party Registration Office created a specific form called *Rally Observation Form*. In this form, monitors were asked to answer specific questions such as: venue, sound equipment and stage used, artistic programme, vehicles used by the Entity, number of guards and security staff, number of people attending the rally etc. This has been the major source of information for the auditors for the purpose of estimating and assessing the cost of rallies during campaign period. In addition, Municipal Election Commissions' records have been used to make estimations as well.

## Observers on Election Day

The Political Party Registration Office deems that the services of political observers give benefit to the Party, whether paid or not. On average, it is assumed that every political observer has spent one normal working day on the Election Day. The value has been set as minimum at 10 €. For Entities running in the second round of Mayoral Elections, two days were calculated. This average cost has been assigned by the auditors for estimating Expenditures, to all accredited observers sponsored by Political Entities. It should be noted that some Entities might have paid their observers more than this amount. Even an Entity which did not pay their observers must consider the observer's work as a Donation of their time and, therefore, must report it as In-Kind Contribution.

### **Transportation**

Only a few Political Entities own vehicles. It is the view of the Political Party Registration Office that headquarters and branches of all Entities have had the benefit of using vehicles during the campaign period, whether rented or provided by members or supporters. Regardless of the way the vehicle(s) have been provided, the use represents an element of cost. The Political Party Registration Office has estimated the rent of a light vehicle at 50 € per day and has added fuel expenses per vehicle per day, as well.

## Recommendations

It is clear that improvements are still needed on the part of the Political Entities, the Political Party Registration Office, and the regulatory framework, in order to ensure the greatest possible transparency in the financial dealings of the Political Parties. Several recommendations are listed below:

- 1) Although the Elections Complaints and Appeals Commission sanctioned many of the Political Entities for failure to comply with financial disclosure requirements, it is clear that the effectiveness of the sanctions in encouraging compliance was mixed. Fines imposed by Election Complaints and Appeals Commission worked fairly well in motivating the smaller Political Entities to comply with the disclosure requirements, but for the larger Parties, it is obvious that the level of sanctions imposed (whether financial or otherwise) has not yet been sufficient to compel these Parties to abide by the disclosure requirements.
- 2) Quality of reporting on behalf of the Entities was reduced by the lack of adequate bookkeeping skills, particularly for the smaller Political Entities. The Political Party Registration Office intends to intensify its training for the Political Entities' administrative staff to ensure that they have the necessary skills to submit more accurate reports.
- 3) In cases of larger Parties, the lack of an internal financial management system caused submission of incomplete reports or information. The Political Party Registration Office strongly encourages Political Parties to establish internal reporting mechanism and financial management procedures in order not just to compile inclusive reports, but also to prevent internal fraud which is more likely to happen in election periods.
- 4) It is the opinion of the Political Party Registration Office that although sanctions imposed by the Central Election Commission encourage the Political Entities' compliance with the rules, ultimately public opinion is more important to the Political Entities. The electoral authorities can engage in an audit and investigate the Income and Expenditures of the Political Parties, but the media and civil society organizations will have to use this information to push the Political Parties to be transparent in their financial affairs.

### V. FINDINGS BY POLITICAL ENTITY

### AKR - Aleanca Kosova e Re

Financial contact person	Rrahim PACOLLI
Elections contested	Kosovo Assembly Municipal Assembly (26) Mayoral (26)
Spending limit	€ 1,427,000

AKR disclosed a total Income of € 250,000 (€ 120,000 in pre-campaign and € 130,000 during the campaign periods) and total Expenditure of € 283,837 (€ 108,417 in pre-campaign and € 175,455 during the campaign period). The Party submitted almost all required supporting documentation (90%) for the Income and Expenditure for both periods.

The Political Party Registration Office accepted figures disclosed by the Party for precampaign period, however, for the campaign period, the Party has underreported Income of  $\in$  226,490. Although the Party has accepted audit findings for Expenditures during the campaign period amounting at  $\in$  387,635, it failed to disclose supporting documentation.

The total Party spending amount for campaigning was € 515,748, less than the established spending limit.

Most Income of AKR derived from private Donations from different individuals in the amount of  $\in$  210,000 as presented in Annex 1, and  $\in$  40,000 in In-Kind Contributions presented in Annex 2.

The Political Party Registration Office reviewed the Balance Sheet at the end of the campaign period with the figures provided by the Party, and it does not balance. Therefore, the Political Party Registration Office had to increase Income to balance the Party's report, as can be seen in Annex 3.

## AAK – ALEANCA PËR ARDHMËRINË E KOSOVËS

Financial contact person	Avni ARIFI
Elections contested	Kosovo Assembly Municipal Assembly (26) Mayoral (25)
Spending limit	€ 1,429,000

AAK submitted its financial report for the pre-campaign and campaign periods on 15 March 2008. The Party failed to submit the report for the second round of Mayoral Elections. The Political Party Registration Office is still reviewing this submission and will report to the Central Election Commission upon conclusion of the audit.

### GIG – GRAĐANSKA INICIJATIVA GORE

Financial contact person	Neim SAHTIJARI
Elections contested	Kosovo Assembly Municipal Assembly (1)
Spending limit	€ 742,500

Total reported Income by the Party is € 3,397 (€ 2,660 in pre-campaign and € 737 in campaign periods) and total Expenditure of € 3,910 (€ 2,420 in pre-campaign and € 1,490 in campaign periods).

The Party submitted all required receipts/invoices (100%) for the Income/Expenditure for both periods. In addition, the balance sheet was balancing, therefore, the Political Party Registration Office accepted total Income and Expenditure disclosed for both the pre-campaign and campaign period.

All Income received by GIG comes from the Kosovo Consolidated Budget.

## IRDK – INICIATIVA E RE DEMOKRATIKE E KOSOVËS

Financial contact person	Zymber KRASNIQI
Elections contested	Kosovo Assembly Municipal Assembly (7)
Spending limit	€ 941,000

IRDK reported a total Income of  $\in$  9,280 ( $\in$  3,200 in pre-campaign and  $\in$  6,080 in campaign periods) and a total campaign Expenditure of  $\in$  9,230 ( $\in$  3200 in pre-campaign and  $\in$  6,030 in campaign periods). The Party submitted all required receipts/invoices (100%) for the Expenditure in pre-campaign period and most of the required supportive documents (80%) for the campaign period.

The Political Party Registration Office accepted the total Income for the precampaign, but audit findings amount at  $\in$  8, 096 instead of the  $\in$  6,030 reported total Expenditure for the campaign period. Therefore, the Party has underreported Expenditures for the campaign period of  $\in$  2,016 and consequently underreported  $\in$  1,066 of Income.

Income disclosed by the Party is mainly coming from the Kosovo Consolidated Budget ( $\in$  7,820), then from In-Kind Contributions ( $\in$  500) and membership fees ( $\in$  960).

## KDTP - KOSOVA DEMOKRATİK TÜRK PARTİSİ

Financial contact person	Ergin KALA
Elections contested	Kosovo Assembly Municipal Assembly (6) Mayoral (1)
Spending limit	€ 1,002,000

The Party claims to have received a total Income of  $\in$  16,772 ( $\in$  12,742 in precampaign and  $\in$  4,030 in campaign periods) and a total Expenditure of  $\in$  19,595 ( $\in$  8740 in pre-campaign,  $\in$  10,855 in campaign periods). KDTP submitted all required supporting documentation (100%) for both periods.

The Political Party Registration Office found that KDTP has underreported Expenditures during the campaign period in categories such as Salary and Compensations, Transportation Expenses, Campaign Expenses, Miscellaneous Expenses and General Overhead Expenses.

No Expenditures were reported by KDTP under Salary and Compensations. The Political Party Registration Office believes that the Party has underreported Expenditures in this case because the Party campaign cannot be conducted without supporting staff whether on voluntary or paid bases. Therefore, the Political Party Registration Office has assessed the minimum amount for the Salary and Compensation for the size of this Party for its headquarters and six municipal branches where the Party was competing for elections. According to this estimate, underreported Expenditure is  $\notin$  4,400.

Also, KDTP reported only  $\in$  540 under Transportation Expenses and  $\in$  72 under General Overhead Expenses. The Political Party Registration Office finds these figures to be very low and believes that hiring of vehicles and office spaces was not reported since it was provided free of charge. Services and goods provided free of charge to the Political Entities during the campaign are considered as In-Kind Contribution. Therefore, the Party should have recorded such services and reported them as Expenditures. The Political Party Registration Office has calculated the utility and telephone charges for Party headquarters and six municipal branches amounting the underreporting Expenditure for both categories at  $\in$  5,658.

KDTP reported  $\in$  6,656 of Campaign Expenses. The Political Party Registration Office .collected information from rally monitoring reports delivered by OSCE Municipal Teams, according to which KDTP has spent at least  $\in$  10,082 and therefore underreported  $\in$  3,426.

The Political Party Registration Office has calculated as Expenditure the work performed by accredited observers for Election Day at the cost € 10 per day, since the Party did not disclose any information. The work could have been performed free of charge, yet it is an In-Kind Contribution to the Party and as such it is accounted as an Expenditure on the Profit/Loss statement. Total underreported Expenditures for

observers is € 1,030. The total underreporting of Expenditures for KDTP amount to € 14,514.

Total established campaign Expenditures for KDTP after deducting regular Party Expenditures are  $\in$  34,109. KDTP received monetary Donations from various sources in two different campaign periods for the elections. The Party reported a total amount of Donations at  $\in$  15,642 ( $\in$  11,292 from Kosovo Consolidated Budget and  $\in$  4,350 from individual donors) in required details. In addition, In-Kind Contributions reported were  $\in$  580.

## <u>LDD – LIDHJA DEMOKRATIKE E DARDANISË</u>

Financial contact person	Naim RADAVCI
Elections contested	Municipal Assembly (29) Mayoral (24)
Spending limit	€ 685,500

LDD has applied as a Party for Municipal and Mayoral Elections, but has been a part of a coalition with PSHDK for Kosovo Assembly Elections. The Party informed auditors that no separate records are kept, and the Expenditures and Incomes cannot be split by type of election. Therefore, LDD claims that their campaign financial report includes the Income and Expenditure for three elections - Kosovo Assembly, Municipal Assembly and Mayoral Elections. Nevertheless, LDD failed to submit a financial report for second round of Mayoral Elections.

Total Income declared is  $\in$  40,530 ( $\in$  9,226 in pre-campaign and  $\in$  31,304 in campaign periods), and total Expenditure  $\in$  47,271 ( $\in$  6,627 in pre-campaign and  $\in$  40,644 in campaign period).

The Political Party Registration Office accepted the total figures for the pre-campaign period, but for the campaign period audit findings amount at  $\in$  116,871 for Expenditures instead of  $\in$ 40,644 reported and  $\in$  107,840 for Income instead of  $\in$ 31,034 reported. It is the view of the Political Party Registration Office that LDD has underreported Expenditures of  $\in$  76,227 during the campaign period. Major underreporting items fall under Advertisement and Campaign/rally Expenditures amounting to  $\in$  69,350. The Political Party Registration Office collected information from 95 rally monitoring reports, conducted by OSCE Municipal Teams, and calculated Expenditures cost for rent of venues for rallies, artistic programs, giveaways of flags/other materials, payments of security and other staff, other campaign expenses to be  $\in$  62,812 instead of the reported amount of  $\in$  5,387. Similar information collected from TV/radio and newspapers show that LDD's Advertisement Expenditures are  $\in$  37,881 instead of the reported  $\in$  25,956.

Other underreported Expenditures fall under categories Salaries and Compensation, and General Overheads amounting at € 6, 877.

The total established campaign Expenditures for LDD are  $\in$  127,498. Due to underreporting Expenditures, the Political Party Registration Office believes that the Party has underreported Income of  $\in$  76,536.

Party has declared total monetary Donations to be € 39,046 and In-Kind Contributions € 1,484. LDD failed to disclose full identity of donors for € 15,880 and of contributors for € 1,284. Such contributions are considered impermissible according to UNMIK Regulation 2004/11 (sec. 16.1) and the President of the Party will be directed to return such contribution to the contributor (sec 16.7). If the Party fails to do so, the President of the Party will be directed to remit contributions to the Kosovo Consolidated Budget (UNMIK/REG/2004/11/16.8.)

The Political Party Registration Office compared the Balance Sheet with the figures provided on the form and found that it does not balance. Therefore, it increased Income to balance LDD's financial report.

### LDD - PSHDK

Financial contact person	Naim Radavci
Elections contested	Kosovo Assembly
Spending limit	€ 726,000

LDD and PSHDK applied as a separate Political Entity (Coalition) only for the Kosovo Assembly Elections. Both parties participated individually in Municipal Assembly and Mayoral Elections.

The Coalition was expected to prepare campaign financial reports only for Kosovo Assembly Elections. Both parties explained they could not split their Incomes and Expenditures per type of election. Thus, the report of the Coalition discloses the summarized amount of the Assets, Liabilities, Incomes, and Expenditures of LDD and PSHDK for the three elections, already disclosed in each Party's individual reports. Also, the Parties' financial representatives confirmed that the ownership of the Assets used by the Coalition in the Assembly Election was never transferred to the newly registered Political Entity.

Therefore, the Coalition obviously has disclosed Assets through its respective Parties. Further, the Income and Expenditures disclosed cannot be representative for the Coalition. They represent each Party's Income and Expenditures for the three elections and thus will be commented as part of the PSHDK and LDD separate reports.

However, it is worth mentioning that the sum of both parties' Expenditures does not reach the established spending limit. Total established Expenditures for both parties are  $\in$  156, 964.

## LDK - LIDHJA DEMOKRATIKE E KOSOVËS

Financial contact person	Lutfi Zharku
Elections contested	Kosovo Assembly Municipal Assembly (28) Mayoral (27)
Spending limit	€ 1,433,500

LDK reported a total Income of  $\in$  531,131 ( $\in$  313,018 in pre-campaign,  $\in$  189,763 in campaign and  $\in$  28,350 in second round campaign for Mayoral Elections) and a total campaign Expenditure of  $\in$  609,315 ( $\in$  155,817 in pre-campaign,  $\in$  406,578 in campaign and  $\in$  46,920 in second round campaign for Mayoral Elections). The Party submitted all required supporting documentation for Expenditures in pre-campaign period, however, only  $\in$  263,735 for campaign period (65%), and no supporting documentation (0%) for second round of Mayoral Elections.

The Political Party Registration Office believes that LDK has underreported Expenditure in categories such as Campaign Expenses, Miscellaneous and General Overhead for the campaign period.

For Campaign Expenses LDK reported a total amount of  $\in$  76,622, however, the Political Party Registration Office findings amount to  $\in$  97,688. The Political Party Registration Office collected information from rally monitoring reports, conducted by OSCE Municipal Teams, and calculated Expenditures for giveaways of flags/other materials ( $\in$  39,604), payments of security and other staff ( $\in$  4,740), and other campaign expenses ( $\in$  6,498) to be the same as the Party had reported. However, the Political Party Registration Office found that rent of venues for rallies and artistic program cost were  $\in$  46,846 instead of the reported  $\in$  25,780. Therefore, LDK has underreported the Expenditures of this category by  $\in$  21,066.

LDK reported  $\in$  23,233 as Miscellaneous Expenses for the campaign period. Audit findings amount  $\in$  126,373. The Political Party Registration Office has estimated  $\in$  103,140 for two days of payments to 5,157 accredited election observers at  $\in$  10 per day. The Political Party Registration Office accepted  $\in$  2,644 reported for maintenance of equipment and office space, and  $\in$  20,589 for expenses not covered elsewhere under this Expenditure item. Therefore, LDK has underreported the Expenditures in this category for  $\in$  103,140.

Under General Overhead Expenses LDK reported  $\in$  15,518 only, whereas audit findings amount to  $\in$  24,708. The Political Party Registration Office has calculated the minimum cost for rent of office space to be  $\in$  11,200 for 28 branch offices, rather than the disclosed amount of  $\in$  2, 010 for 28 office spaces, which was deemed too low. Other Expenditures like utility costs and telephone expenses were accepted. Therefore, LDK has underreported the Expenditures of this category by  $\in$  9,190.

In total, LDK has underreported Expenditures to the amount of € 133,396 as a consequence of which the same amount of Income has been underreported.

The audit findings amount to  $\in$  664,527 in total Income and  $\in$  741,111 in total Expenditure for LDK. The Political Party Registration Office has deducted the regular Party Expenditures and found that total campaign Expenditures are  $\in$  643,507, which is under the spending limit set at  $\in$  1,433,500.

LDK received monetary Donations from various sources in three different reporting periods. The Party just reported a total amount of Donations (€ 230,609) instead of reporting details of "source and date" of all donations as required by the UNMIK regulation (UNMIK/REG/2004/11.16.2). The Party did not report on funding received from the Kosovo Consolidated Budget and individual donors. In addition, LDK reported only total amount of In-Kind Contributions (€ 6,880) instead of reporting in required detail.

LDK reported receiving Income of € 286,563 from other sources, but did not name the sources. Contributions received by the Party without fully disclosed identity of contributor will be deemed as impermissible contributions and the Party will be directed to return such contributions to contributors. If the Party fails to do so, according to UNMIK Reg. 2004/11, Sec. 16.8, the President of the Party will be directed to remit contributions to the Kosovo Consolidated Budget.

The Party reported to have collected membership fees from the Party members. The Party reported the amount of total membership fees (€ 7,080), but has failed to submit a detailed membership list.

No disbursements exceeding € 5,000 during the campaign period was reported by LDK, as required by Section 5.2 of UNMIK Regulation No. 2004/02 *On The Deterrence Of Money Laundering And Related Criminal Offences*. However, the Political Party Registration Office found that LDK made four different disbursements exceeding € 5,000: it paid € 9,500 to Vertigo on 15 September 2007, € 12,803 to RTK on 25 October 2007, € 30,001.20 to KTV on 31 October 2007 and € 13,202 to Univers Reklama on 14 November 2007.

For the campaign period LDK reported liabilities amounting to  $\in$  117,799 at the beginning and  $\in$  325,471 at the end of the period. LDK has not settle large amounts of liabilities with its suppliers from which they received goods and services. The Political Party Registration Office is puzzled by the question of why LDK did not settle some of its liabilities taking into account that the Party had funds in bank accounts amounting to  $\in$  156,928, and cash on hand  $\in$  10,928.

In addition, LDK failed to submit the following required documents:

- Bank statements in order to prove reported bank balances.
- Inventory lists for machines and tools and office equipment owned by the Party.
- Car registration papers to support the ownership of vehicles.
- Ownership papers to support the ownership of property.
- Remaining invoices/receipts for Expenditures.
- Detailed salary list including gloss and net salary, income tax, other deductions, etc.
- Documents from the Ministry of Finance to prove funds received from the Kosovo Consolidated Budget.

However, LDK financial reports have improved significantly compared to previous elections. The Political Party Registration Office believes that the Party has made a considerable effort in collecting information from its branches and members. Reports contain significantly higher amounts of disclosure compared to biannual reports from previous years. Also, reports were nicely prepared and the Party Financial Representative was very co-operative with the auditors. Still, the Political Party Registration Office is recommending that the Party introduce internal procedures and guidelines to establish a more comprehensive financial management system.

### **ORA**

Financial contact person	Rrahim SEJDIU
Elections contested	Kosovo Assembly Municipal Assembly (24) Mayoral (20)
Spending limit	€ 1,405,000

Total Income disclosed by this Party is € 96,439 (€ 45,087 in pre-campaign, € 49,835 in campaign and € 1,517 for campaigning for the second round of Mayoral Elections) and total campaign Expenditures are € 109,474 (€ 81,743 in pre-campaign, € 26,214 in campaign and € 1,517 for campaigning for the second round of Mayoral Elections). ORA submitted all required supporting documentation (100%) for all three reporting periods.

Similarly to other parties, ORA has underreported Expenditure in some Expenditure categories such as Salary and Compensations, Advertisements, Campaign Expenses, Miscellaneous Expenses and General Overhead Expenses.

Audit findings amount to  $\in$  8,482 for Salary and Compensations, since the Party has not disclosed any such expenses. ORA has disclosed  $\in$  2,801, as expense for this category, but in reality this amount was payment for electoral observers. As was admitted by the Party Financial Representative, much of the Party work was performed on a voluntary basis. Although strongly refused by the Party, this volunteer work is considered by UNMIK Regulation 2004/11 as In-Kind Contribution to the Party and should have been recorded and reported as such. The Party claims that In-Kind Contributions, when reported, are subject to tax, similar to salaries such as personal income tax. Political Party Registration Office found no legal ground for such a claim.

Also, advertisement findings amount at  $\in$  20,161 compared to  $\in$  5,448 reported by ORA. The Political Party Registration Office found that the Party has mistakenly reported the amount of  $\in$  44,174 for the pre-campaign period instead of campaign period. However, the Party has underreported  $\in$  16,747 in this category. It is believed that some candidates running under ORA list prepared TV/radio spots and newspaper advertisements from their own Expenditures, while not reporting this to the Party. Even if this would be the case, these Expenditures are considered as Party Expenditures regardless of the candidates' initiatives and the Party should have collected and reported all Expenditures.

Under Campaign Expenses ORA reported  $\in$  3,101, while audit findings are at  $\in$  14,317. Likewise for LDK, the Political Party Registration Office has compared the reported Expenditure with the rally monitoring reports and found that rent of venues for rallies and artistic programs costing  $\in$  11,967 were reported as  $\in$  751. The Party reported only four (4) rallies, but the Political Party Registration Office received reports for thirty (30) rallies held during the campaign period.

Miscellaneous Expenses were underreported for  $\in$  3,640 corresponding to payment of accredited election observers. Once more, the work performed could have been on a voluntary basis, yet it constitutes Income for the Party and, therefore, should have been reported.

ORA reported  $\in$  2,643 under General Overhead Expenses, but audit findings amount to  $\in$  10,200. The Political Party Registration Office has calculated the cost for office space for the Party headquarters and 24 branch offices, adding utility and telephone charges.

The total underreported Expenditures are  $\in$  42,807, consequently underreported Income (whether In-Kind or monetary) is  $\in$  43,382.

The total established campaign Expenditures for ORA are € 152,281, after deduction of regular non-campaign Expenditures.

The Party reported a total amount of Donations of  $\in$  96,059 ( $\in$  24,388 from Kosovo Consolidated Budget and  $\in$  71,671 from individual donors) in all required details.

The Balance Sheet was completed, but did not balance. The Political Party Registration Office has prepared the Balance Sheet for the Party by increasing the Income for the Party.

Financial Disclosure Reports submitted by ORA were the most complete in terms of supporting documentation, and recording Expenditures was adequate. ORA was used as an excellent example to show other parties how to organize and keep financial records. However, the Party has to introduce record keeping for In-Kind Contributions and follow up on individual (candidate) expenses made on behalf of the Party as well.

#### PD - Partia e Drejtësisë

Financial contact person	Mexhit PERQUKU
Elections contested	Kosovo Assembly Municipal Assembly (21) Mayoral (5)
Spending limit	€ 1,360,000

PD disclosed total Income of  $\in$  77,115 ( $\in$  6,265 in pre-campaign and  $\in$  70,850 in campaign) and total campaign Expenditure of  $\in$  73,750 ( $\in$  5,090 in pre-campaign, and  $\in$  68,660 in campaign). The Party submitted all required supporting documentation for Expenditures (100%) for the pre-campaign period, however, it submitted only (26%) for the campaign period.

The Party reported a total amount of monetary Donations of  $\in$  25,250 ( $\in$  3,550 received from the Kosovo Consolidated Budget and  $\in$  21,700 from individual donors) submitted in detail as required by UNMIK Regulations. The highest amount of Income for this Party comes from In-Kind Contributions of 48,100 during the campaign period. PD also reported other Income  $\in$  3,765, but did not report the details.

The Balance Sheet was completed, but did not balance for the pre-campaign period. The Political Party Registration Office has made a correction in the amount of  $\in$  915 for Expenditure items. This error was accepted as lying within the tolerable margins.

### PDK - PARTIA DEMOKRATIKE E KOSOVËS

Financial contact person	Dren GASHI
Elections contested	Kosovo Assembly Municipal Assembly (28) Mayoral (28)
Spending limit	€ 1,433,500

PDK failed to submit any Campaign Financial Disclosure Report, as required by Central Election Commission Rules 10/2007 and 14/2007, including reports for precampaign, campaign period, and for second round of Mayoral Elections. However, in order to assess whether PDK has exceeded or not the spending limit as established by the Central Election Commission, the Political Party Registration Office had to assess Expenditures based on its own observations of the campaigns and information collected from other sources.

Therefore, the Political Party Registration Office believes that the Party has spent  $\in$  105,156 for pre-campaign,  $\in$  504,395 for campaign period and  $\in$  47,646 for campaigning for the second round of Mayoral Elections, summing  $\in$  657,197 in total. The Party was competing for Kosovo Assembly Elections, Municipal Assembly Elections and Mayoral Elections in (28) municipalities. Based on the findings of the Political Party Registration Office, PDK's Expenditures were below the spending limit, which for this Party was set at  $\in$  1,433,500.

## PREBK - PARTIA ROME E BASHKUAR E KOSOVËS

Financial contact person	Albert KINOLLI
Elections contested	Kosovo Assembly Municipal Assembly (6)
Spending limit	€ 918,500

PREBK disclosed no Income at all in both the pre-campaign and campaign period. The audit findings amount to a total Income of  $\in$  13,640 ( $\in$  2,200 in pre-campaign and  $\in$  11,440 in the campaign period). The Party disclosed a total campaign Expenditure of  $\in$  5,920 ( $\in$  2,200 in pre-campaign, and  $\in$  3,720 in campaign) and did not submit any supporting documentation for its reports.

Total Expenditures reported for pre-campaign period were  $\in$  2,200 with no Income disclosed and no Liabilities at the end of the period. Therefore, the Political Party Registration Office concluded that Party has underreported Income of  $\in$  2,200 for this period.

In addition, PREBK underreported Expenditure for the campaign period regarding Salary and Compensations, Transportation Expenses, and General Overhead Expenses. Again, the work could have been performed on voluntary basis or goods provided free of charge, nevertheless, such activities comprise In-Kind Contributions and, according to UNMIK Regulation 2004/11, must be accounted for as Expenditures. Therefore, the total underreported Expenditures for the campaign period are  $\[mathbb{c}\]$  7,720.

Due to underreported Expenditures, the Political Party Registration Office believes that the Party has underreported Income also for  $\in$  7,720, adding up for a total underreported Income of  $\in$  9,920.

PREBK did not report monetary Donations for both periods, however, the Political Party Registration Office found the total amount of donations to be € 1,329 which was received from the Kosovo Consolidated Budget. In addition, the Party did not report any In-Kind Contributions.

#### **PSHDK**

Financial contact person	Ukë BERISHA
Elections contested	Municipal Assembly (12) Mayoral (2)
Spending limit	€ 441,000

The total reported Income by PSHDK was  $\in$  13,641 ( $\in$  4,653 in pre-campaign and  $\in$  8,988 in campaign periods) and campaign Expenditure of  $\in$  24,717 ( $\in$  8,226 in pre-campaign and  $\in$  16,491 in campaign).

The Political Party Registration Office accepted the total figures for the pre-campaign period, but for the campaign period audit findings show underreporting of Expenditures of  $\in$  4,478 for rally expenses, and salaries and compensations. It is the view of the Political Party Registration Office, that the Party has underreported In-Kind Contributions as acknowledged by the financial representative. The Party has not assessed and disclosed the cost of goods and services received free of charge during the campaign period. The total established campaign Expenditures for PSHDK are  $\in$  29,196.

Due to underreported Expenditures, the Party has underreported Income of  $\in$  3,478.

#### SDA - STRANKA DEMOKRATSKE AKCIJE

Financial contact person	Edita KALAĆ
Elections contested	Kosovo Assembly Municipal Assembly (6)
Spending limit	€ 913,500

The Party reported a total Income of  $\in$  6,066 ( $\in$  4,741 in pre-campaign and  $\in$  1,325 in campaign periods) and total Expenditures of  $\in$  7,157 ( $\in$  5,832 in pre-campaign and  $\in$  1,325 in campaign). No supporting documents for the Expenditures were provided by the SDA for both reporting periods.

SDA declared only € 1,325 for Expenditures during the campaign period. However, the audit findings amount to total Expenditures for the Party of € 13,415 for the campaign period. The Political Party Registration Office has accepted figures for the pre-campaign period, however, for the campaign period it has calculated minimum Expenditures to run its campaign which include categories such as Salary and Compensation, Transportation, Campaign Expenses, and General Overhead. Once more, running election campaign requires human resources, office spaces, hiring vehicles and communication means. Even when these are provided free of charge, they must be recorded and reported (amounts are presented in Annex 3). Therefore, the SDA has underreported Expenditures for the campaign period of € 12,090.

Income for the Party is mainly from the Kosovo Consolidated Budget in value of  $\in$  3,257, from private donors ( $\in$  2,014), In-Kind Contribution ( $\in$  680) and from membership fees ( $\in$  115).

Due to underreported Expenditures, the Political Party Registration Office believes that the Party has underreported Income of € 10,898.

The Political Party Registration Office reviewed the Balance Sheet (at the end of the reporting period) with the figures provided by the SDA, and found that it does not balance. During the audit, despite repeated requests by the auditors, the Party did not provide clarification and/or supporting documentation to the Political Party Registration Office and it did not allow auditors to assist the SDA in correcting its disclosure.

## Srpska Demokratska Stranka Kosova i Metohije – SDSKiM

Financial contact person	Želimir GAPIĆ
Elections contested	Kosovo Assembly
Spending limit	€ 726,000

SDSKIM disclosed only € 2,000 as Income and Expenditure for both periods. This amount was payment for the certification fee to take part in the elections.

The audit findings of total Income and Expenditures for the Party amount to  $\in$  12,935 ( $\in$  2,000 in pre-campaign and  $\in$  10,935 in campaign). The Political Party Registration Office has accepted figures for the pre-campaign period, however, for the campaign period it has calculated minimum Expenditures for this Party to run its campaign which include categories such as Salary and Compensation, Transportation, Miscellaneous, and General Overhead. Once more, running a campaign requires human resources, office spaces, hiring vehicles and communication means. Even when they are provided free of charge, they must be recorded and reported. Amounts are presented in Annex 3. Therefore, the SDSKiM has underreported Income and Expenditures for  $\in$  10,935.

As stated above, SDSKIM reported monetary Donations only for the pre-campaign period to the sum of € 2,000. Although the Party is entitled to Kosovo Consolidated Budget funding, it did not report any such funding. Also the Party did not report any In-Kind Contributions.

### VAKAT - KOALICIJA VAKAT

Financial contact person	Emo KURTIŠ
Elections contested	Kosovo Assembly Municipal Assembly (4)
Spending limit	€ 866,500

VAKAT is a Coalition formed by three Parties: DSB (Democratic Bosniac Party), DSV (Democratic Party Vatan) and BSK (Bosniac Party of Kosovo). The Coalition submitted separate reports for each Party and the Political Party Registration Office had to compile the report for the Coalition.

The total Income reported was  $\in$  24, 455 ( $\in$  9,291 in pre-campaign and  $\in$  15,164 in campaign) and total campaign Expenditures were  $\in$  26,507 ( $\in$  9,291 in pre-campaign, and  $\in$  17,216 in campaign periods). Reports were supported with all required documentation (100%) for both reporting periods.

The Coalition's only monetary Donation was Kosovo Consolidated Budget funding (€ 20,583). In addition, In-Kind Contributions reported were € 5,924, submitted with all required details.
