<sup>1</sup> **Note:** The table only includes incidents directly observed by the SMM and it may include also those assessed to be live-fire exercises, controlled explosions, etc. Details provided – in terms of distance, direction, weapons-type, etc. – are based on assessments provided by monitors on the ground, and are not always necessarily precise. When information is not known (indicated with an “N/K”), the SMM was unable to ascertain such information due to distance, weather conditions and/or other considerations.
