Youth against COVID-19:
Prevention, Well-being
and Responsibility!

- Are you 18 to 29 years old and live in Kosovo?
- Do you want to join the fight against COVID-19?
- Do you have a passion for making creative video clips and photos?

Then this is the right opportunity for you to show us your story!

- Show us how you contributed to preventing the spread of COVID-19 in everyday life, at home, in the street, at school, at a restaurant or bar, in the park.
- Show us how you helped others - through volunteering, buying groceries for frail neighbors, helping younger relatives or friends with home schooling and work.
- The photo or video should give a positive message about how to best interact with others while consciously respecting protective measures in times of COVID-19.
- Submit your own #hashtag in any language along with your photo/video to join the #KeepingYOUthHealthy campaign!
- The videos can use sketches, humor, music, song, and/or dance to demonstrate how we really care about each other in the fight against COVID-19!

Submit up to three (3) photos and/or up to three (3) short creative videos no longer than one (1) minute each in English or any of languages spoken in Kosovo.

The best and most original videos and photos will be part of an OSCE Mission in Kosovo video campaign to be broadcasted on different media outlets. The top three photos and video entries will also receive an Iphone SE!

Take part in the #KeepingYOUthHealthy campaign and have a positive and life-saving influence on your family and community! Show us you care.

Apply by sending your creative photos/videos to: mahir.shehu@osce.org
no later than **November 23, 2020, 17:00 hrs.**
