671st Plenary Meeting
FSC Journal No. 677, Agenda item 1

STATEMENT BY THE DELEGATION OF THE UNITED KINGDOM

Thank you, Madam Chairperson.

Delegations will recall that the decision made by ministers in Vilnius (MC.DEC/6/11) encouraged participating States to provide extrabudgetary contributions in support of OSCE SCA projects. In demonstration of the United Kingdom's ongoing commitment to these activities, I am very pleased to inform you that the United Kingdom is donating a sum of 50,000 GBP (approximately 59,000 euros) to the OSCE-UNDP Capacity Development Programme for Conventional Ammunition Stockpile Management in the Republic of Serbia.

Having discussed this donation with colleagues in London, the Conflict Prevention Centre, Serbia and the FSC co-ordinator for SALW/SCA projects, it is the United Kingdom's wish that this money is spent primarily on the destruction of Class H ammunition, which contains phosphorous, owing to its particularly volatile and dangerous nature. The United Kingdom is delighted to be able to support this important project and is confident that it will make a meaningful difference to safety and security in the area affected.

Madam Chairperson,

I request that this statement be attached to the journal of the meeting.

671st Plenary Meeting
FSC Journal No. 677, Agenda item 1

STATEMENT BY THE DELEGATION OF SERBIA

Thank you, Madam Chairperson.

Ladies and gentlemen,

We would like to express our gratitude for the valuable contributions that the Kingdom of Spain and the United Kingdom intend to make to the practical implementation to the OSCE-UNDP Capacity Development Programme for Conventional Ammunition Stockpile Management in the Republic of Serbia. We are encouraged to see that the financing for the project in Serbia is gaining momentum, and that offers of financial assistance from participating States are gradually gathering and that this trend will continue.

For its part, the Republic of Serbia intends to do what is necessary to ensure the successful implementation of the project. This is a cross dimensional project in which various component have a positive impact, to varying degrees, on: human security, counter-proliferation policy, subregional confidence- and security-building measures and the National SALW Control Strategy.

Once more we would like to assure our partners that the Republic of Serbia, having demonstrated openness and a constructive approach throughout entire process of preparation, is looking forward to further close co-operation with all participating States and, in particular, donor countries during implementation phases of the project.

Thank you, Madam Chairperson.
