INTERPRETATIVE STATEMENT UNDER PARAGRAPH IV.1(A)6 OF THE RULES OF PROCEDURE OF THE ORGANIZATION FOR SECURITY AND CO-OPERATION IN EUROPE

The delegation of Romania, in its capacity as EU Presidency, passed the floor to the representative of the European Union, who delivered the following statement:

“In connection with the decision of the Permanent Council on the extension of the deployment of OSCE observers to two Russian checkpoints on the Ukrainian-Russian State border, the European Union would like to make the following interpretative statement under the relevant provisions of the Rules of Procedure.

The European Union’s views on the vital importance of border monitoring on the Russian-Ukrainian State border are well known. Effective and comprehensive monitoring of this border is an integral part of a sustainable political solution in line with OSCE principles and commitments, which re-establishes full Ukrainian control over its sovereign territory, including the border. We recall that the Minsk Protocol calls for permanent monitoring of the border and verification by the OSCE and that the Minsk Package of Measures includes a commitment to reinstate full Ukrainian control over its entire international border.

The OSCE Observer Mission’s currently very limited mandate and its small size does not provide for a comprehensive border monitoring. We therefore reiterate our call for a significant expansion of the Observer Mission to all border crossings on the Russia-Ukraine State border currently not under control of the Ukrainian Government as well as monitoring between these border crossings. This should be supported and co-ordinated with border monitoring on the Ukrainian side of the border by the Special Monitoring Mission (SMM) and we reiterate the need for the SMM to be assured safe and unhindered access to all parts of the border currently not under Ukrainian Government control since border and ceasefire monitoring are very closely interlinked. Further we underline the need for sufficient equipment and sufficient freedom of movement for the Observer Mission at the current crossing stations in order to monitor movements on the border more effectively.

We regret that the Russian Federation continues to resist any expansion of the Observer Mission including the improvement of its equipment.

We welcome the mandate extension by four months.”
The candidate countries North Macedonia¹, Montenegro¹ and Albania¹, the EFTA countries Iceland and Norway, members of the European Economic Area, as well the Republic of Moldova, Georgia, Andorra and San Marino align themselves with this statement.

¹ North Macedonia, Montenegro and Albania continue to be part of the Stabilisation and Association Process.
INTERPRETATIVE STATEMENT UNDER
PARAGRAPH IV.1(A)6 OF THE RULES OF PROCEDURE
OF THE ORGANIZATION FOR SECURITY AND
CO-OPERATION IN EUROPE

By the delegation of the United States of America:

“Thank you, Mr. Chairperson.

In connection with the adoption of the decision for the extension of deployment of OSCE observers to two Russian checkpoints on the Russian-Ukrainian border, the United States would like to make the following interpretative statement under paragraph IV.1(A)6 of the OSCE Rules of Procedure:

The United States finds it deeply regrettable that Russia continues to block the expansion of the geographic scope of the Observer Mission, despite the clear, strong, and continued support from other participating States to do so. We once again must accept an inadequate, limited-scope mission covering just two border checkpoints, which together account for only a few hundred meters of the 2,300 kilometre Ukrainian-Russian border, much of which Ukraine does not control.

Due to Russia’s unwarranted restrictions of the border Observer Mission’s work, the Mission fails to ascertain the full extent to which Russia participates in or facilitates the flow of arms, funding, and personnel to support its proxies in eastern Ukraine.

We note that point 4 of the Minsk Protocol delineates a clear role for the OSCE to monitor and verify both sides of the Ukrainian-Russian international border, and to create a security zone in the border areas of Russia and Ukraine. There are strong linkages between ceasefire monitoring and border monitoring, and it is to the detriment of all efforts to resolve the conflict that the OSCE approach to these activities has been impeded by one participating State. Russia’s repeated refusal to allow expansion of the scope of this mission demonstrates, regretfully, once again, Moscow’s unwillingness to take its Minsk commitments seriously.

Mr. Chairperson, I request that this interpretative statement be attached to the decision and to the journal of the day.

Thank you, Mr. Chairperson.”
INTERPRETATIVE STATEMENT UNDER
PARAGRAPH IV.1(A)6 OF THE RULES OF PROCEDURE OF THE ORGANIZATION FOR SECURITY AND CO-OPERATION IN EUROPE

By the delegation of Ukraine:

“Mr. Chairperson,

In connection with the Permanent Council decision on the extension of the deployment of OSCE observers to two Russian checkpoints on the Russian-Ukrainian border, the delegation of Ukraine would like to make the following interpretative statement under paragraph IV.1 (A)6 of the Rules of Procedure of the Organization for Security and Co-operation in Europe.

The delegation of Ukraine consistently reiterates the importance of having a substantial and broad OSCE monitoring on the Russian side of the Ukrainian-Russian border adjacent to certain areas of the Donetsk and Luhansk regions of Ukraine.

Having signed the Minsk Protocol of 5 September 2014, all signatories including the Russian Federation, undertook to ensure permanent monitoring of the Ukrainian-Russian State border and verification by the OSCE with the establishment of a security zone in the border areas of Ukraine and the Russian Federation. This commitment has been undertaken by members of the Trilateral Contact Group – Ukraine, Russia and the OSCE. Until now, the permanent monitoring and verification by the OSCE have not been established and a security zone in the border areas of Ukraine and Russia has not been formed. Expanding the mandate of the OSCE Observer Mission at the Russian border checkpoints ‘Gukovo’ and ‘Donetsk’ to all sections of the border adjacent to certain areas of the Donetsk and Luhansk regions remains critical for sustainable de-escalation and peaceful resolution of the international armed conflict taking place in the Donbas region of Ukraine. This would become a significant practical measure in implementing concrete provisions of the Minsk agreements.

We deeply regret that the Russian Federation continues to strongly resist expansion of the mandate of the OSCE Observer Mission at the Russian border checkpoints ‘Gukovo’ and ‘Donetsk’ to all sections of the border that is temporarily not under control of the Ukrainian authorities. Such persistent reluctance on the part of Russia can be attributed only to its unchanged intention to continue intervention in Ukraine’s Donbas, including by sending heavy weapons, military equipment, regular troops, fighters and mercenaries, sponsoring the terrorist activities in the territory of Ukraine. We continue to urge Russia to cease immediately these internationally wrongful acts.
In this connection, the delegation of Ukraine recalls that Russia has not responded to numerous requests for explanations regarding the OSCE SMM’s reported presence in the occupied parts of Donbas of modern Russian weapons and military equipment including the jamming system R-330 ‘Zhitel’ and electronic warfare system RB-341V ‘Leer-3’ which in accordance to the SMM reports are used for signal interference with the SMM UAVs. Last month, in March 2019, the SMM spotted for the first time in the occupied parts of Donbas the most modern Russian ‘Tirada-2’ satellite communication jamming complex, which reportedly, the Russian armed forces started to receive on their inventory lists from only last year.

We call upon the Russian Federation to demonstrate its full commitment to the implementation of the Minsk arrangements in good faith and to allow proper and comprehensive permanent monitoring by the OSCE on the Russian side of the Ukrainian-Russian State border adjacent to the certain areas of the Donetsk and Luhansk regions with establishment of a security zone in border areas of Ukraine and the Russian Federation.

The delegation of Ukraine requests that this statement be attached to the decision and registered in the journal of the day.

Thank you, Mr. Chairperson.”
INTERPRETATIVE STATEMENT UNDER PARAGRAPH IV.1(A)6 OF THE RULES OF PROCEDURE OF THE ORGANIZATION FOR SECURITY AND CO-OPERATION IN EUROPE

By the delegation of the Russian Federation:

“The Russian Federation joined the consensus regarding the Permanent Council decision on the latest extension of the mandate of the team of OSCE observers at the two Russian checkpoints of Gukovo and Donetsk on the Russian-Ukrainian border for four months (until 30 September 2019), regarding the work of this team as an additional voluntary confidence-building measure in the settlement of the internal Ukrainian conflict.

We reaffirm that the places of deployment and functions of the team of OSCE observers are clearly defined by the team’s mandate approved by Permanent Council Decision No. 1130 of 24 July 2014, which is based on the invitation of the Russian Federation of 14 July 2014 made in the wake of the Berlin Declaration of the Foreign Ministers of Russia, Germany, France and Ukraine of 2 July 2014.

The Minsk Protocol of 5 September 2014 does not mention the deployment of OSCE observers on the Russian side of the border with Ukraine. Nor is there any reference to this in the Package of Measures for the Implementation of the Minsk Agreements adopted on 12 February 2015 and subsequently endorsed by United Nations Security Council resolution 2202. The decision to allow OSCE observers on Russian territory and the presence of Ukrainian border guards and customs officers at Russian checkpoints in the absence of a full-scale peace settlement are solely a goodwill gesture on Russia’s part.

I request that this statement be attached to the adopted decision and included in the journal of the day.”
